CYCLONE TAKES DEATH TOLL IN LOUISIANA

14 KNOWN DEAD, MAY RUN TO 25 KILLED

SABINE AND TENASAS PARISHES WRECKED BY THE CYCLONE
CUT SWATH A MILE WIDE AND SEVERAL MILES LONG

Pleasant Hill, La., Feb. 18.—(UP)—With 14 known dead and estimates placing the total casualties as high as 25, hastily recruited rescue workers today set about the task of giving relief to cyclone-wrecked Sabine and Tenasas parishes, near here.

The cyclone twisted through the section late yesterday afternoon, cutting a swath a mile wide and several miles long. Although the storm swept in this direction, it missed Pleasant Hill and the adjacent oil field.

According to reports collected over communication lines badly crippled by the storm, approximately 50 homes were destroyed and many more damaged. A complete check of property damage and casualties was impossible.

The storm is believed to have struck several small towns in this vicinity and to have extended into Mississippi. The barometer was falling rapidly early this morning at Natchez, Miss., but the blow had not as yet struck.

Reports from St. Joseph, La., far removed from the scene of the original storm, said seven negroes were killed near there by wind that struck late in the evening. The victims were tenants on a plantation owned by the McDonald, Cole Co., Memphis, Tenn.

Pleasant Hill, Sabine Parish, La., Feb. 16.—Through the debris of Sabine parish, searchers today were seeking for more victims of the tornado, which late yesterday swept through this section, taking at least 14 lives and seriously injuring six persons. A score more were hurt.

The twister cut a path one-half mile broad through the oil country, and levelled one section of the parish in a single stroke. The little timber shanties of the residents were splintered.

Temporary hospitals, morgues and first aid stations were being erected by nurses and doctors hurried here by automobiles, as survivors dug into ruins. How many more lost their lives or were injured, it was impossible to estimate; no accurate check-up of the storm area had yet been made. At least one person, a girl, was missing.

The storm came from the west just about supper hour when most of the families were in their homes. Pleasant Hill, where a new oil field has just opened up, was hit hardest. Fred Asby's family was wiped out. Coming to his shanty when the storm had passed, he found the bodies of his wife and five children in the wreckage.

Three children were injured so severely that little hope was held out for their recovery. A fourth child was saved by a window frame, which pinned her to wall but saved her from the falling wreckage.

Mr. and Mrs. Brown were killed when their home collapsed about them. A man known as Birdwell or Burdell, of Texas, suffered the same fate.

Mrs. D. B. Hicks and her son, Keyes, were killed. Her husband, D. B. Hicks, suffered injuries that may cause his death.

Several other towns were reported to have been struck by the tornado but the destruction of nearly all telegraphic and telephonic communication through the parish made a check-up impossible.

Two unidentified men were killed in another section of this town. The Free home was bodily lifted by the wind and carried away. A girl was believed to have been in it at the time. Search for her has been fruitless.

Three motor loads of injured from nearby towns have been brought here.

The storm was not without its usual prank. The twister descended upon the home of Leon Stockton, where twelve persons were seated around the supper table, carried away the roof and four walls and left the family untouched.

Meridian, Miss., Feb. 18.—Eight persons were killed at Rose Hill, 45 miles south of here, last night when a wind storm swept that section, according to reports here today.

The reported dead are:
M. Boyd.

Pacific Ocean Belies Its Name, Continues Stormy

JAPANESE CABINET CONSIDERS COOLIDGE NAVAL DISARMAMENT

Tokio, Feb. 18.—(UP)—An extraordinary meeting of the Japanese cabinet has been called for tonight to draft the final reply of the government to President Coolidge's naval disarmament proposal.

Japan's reply will be forwarded to the United States tomorrow.

Japan is one of the five nations signatory to the Washington treaty of 1921, providing for the reduction of naval armament, whom President Coolidge, in a recent memorandum, invited to participate in a new discussion to halt the race for naval supremacy. President Coolidge's message stressed the need of limitation on the building of auxiliary naval craft not restricted under the Washington pact.

SENATE KILLS BILL BY A ROLL CALL VOTE

FIRST TIME THIS HAS OCCURRED DURING THIS SESSION

OTHER MEASURES SIDETRACKED BY FAULTLESS INDEFINITE POSTPONEMENT

St. Paul, Feb. 18.—(UP)—For the first time this session, the state senate today killed a bill by roll call vote. All measures heretofore have been sidetracked by the faultless method of indefinite postponement.

The measure, already passed by the house, would have changed the age of majority from 18 to 21 years but was voted down 27 to 32. Passage of the bill required 34 votes.

Three companion measures were presented by Sen. George T. Lomen, Eveleth, and Sen. C. A. Hausler, St. Paul, which would make the game and fish department self supporting.

Operation of the department would be effected by moneys taken in from license fees, fines and other levies peculiar to game and fish. This plan has been advocated by sportsmen and their organizations for many years and the appropriations of the state legislature were made to fit in with the scheme. Jay F. Gould, state game and fish commissioner, is said to favor the plan in principle.

Another bill to solve the problem of foreign death and personal injury suits in this state was submitted to the senate today.

Sen. G. D. McCubrey, Moorhead, presented a measure which would prevent trial of death or personal injury cases arising outside the state unless the person killed or injured was at the time going or coming from Minnesota.

Operation of the department would be effected by moneys taken in from license fees, fines and other levies peculiar to game and fish. This plan has been advocated by sportsmen and their organizations for many years and the appropriations of the state legislature were made to fit in with the scheme. Jay F. Gould, state game and fish commissioner, is said to favor the plan in principle.

PRINCE OF WALES IN ACCIDENT BUT STICKS TO HORSE

Melton, Mowbray, Feb. 18.—(UP)—The Prince of Wales suffered a minor but bloody hunting accident today when fox hunting with the quon hounds. Wales and his horse cleared a formidable hedge and a branch severely scratched the prince's cheek. Neither horse nor rider fell.

Mrs. M. Boyd.
Five Boyd children.
John Lewis, Jr.

The wind was so violent that 41 bales of cotton were picked up and hurled long distances, according to reports. The bodies of Mrs. Boyd and Lewis were said to have been blown 200 yards.

New Orleans, La., Feb. 18.—The cyclone that struck portions of Mississippi and Louisiana late yesterday took a toll of lives estimated as high as 35, injured more than 40 persons and did inestimable property damage, a survey of the region revealed today.

Two entire families were virtually wiped out. Mr. and Mrs. Will Boyd and five of their children were killed at Rose Hill, Miss., near Meridian. Six members of the family of Keyes Hicks were killed near Pleasant Hill, La.

The worst fury of the storm was spent in the Pleasant Hill district. The casualties there may mount as high as 12.

Mc-Nary-Haugen Farm Relief Bill Goes To Its Fate Today--What Will Pres. Coolidge Do?

BRITISH CHIEF MOVES QUARTERS TO GUNBOAT

OWEN O'MALLEY NOW HAS HIS HEADQUARTERS ON GUNBOAT BEE

LATTER IS ANCHORED IN THE YANGTZE RIVER NEAR HANKOW

Hankow, Feb. 18.—(UP)—The British Charge D'Affaires Owen O'Malley, who has been negotiating here with the Cantonese foreign minister, Eugene Chen, has moved his headquarters from the British consulate to the British gunboat Bee, anchored in the Yangtze river.

Hankow has been the seat of the negotiations between Chen and O'Malley who have been seeking to reach a basis for peace in connection with the British concession here and at Kiukiang. It is under the control of the nationalist (Cantonese) government.

The departure of O'Malley from the British consulate to the British gunboat Bee, which has been stationed at Hankow since the recent anti-foreign disorders there, seemingly indicated further delay in negotiations between Chen and the British representative.

Two weeks ago, reports from Hankow said the discussions concerning the British concession there had been interrupted on Chen's insistence that the British government deflect the Shanghai defense army, numbering 16,000 troops, which had been ordered to that port.

The discussions later were resumed but fragmentary reports during the past three days have been conflicting.

MABEL NORMAND PASSES CRISIS

Santa Monica, Calif., Feb. 18.—(UP)—Mabel Normand, famed comedienne of the screen, who has been fighting for life in a hospital here for the past 48 hours, has successfully passed the crisis of an attack of pneumonia, her physicians announced today.

The turning point came late last night and today her temperature had dropped to 100, with physicians expressing the opinion that her recovery was assured.

Lew Cody, husband of the actress, continued his vigil at his wife's bedside today.

STRIKE QUESTION VIRTUALLY IN COMMITTEE HANDS

Miami, Fla., Feb. 18.—(UP)—With the question of a strike April 1 in unionized bituminous coal fields virtually in its hands, the "committee of 21" operators' and miners' representatives resumed its deliberations today. The committee must make a report today to the conference which started early this week. Unless it is able to reach a middle ground upon which to negotiate, hopes of settling the wage controversy will go glimmering.

SNUFF AND THE HARVEST HAND MOVE STEP NEARER

Bismarck, N. D., Feb. 18.—(UP)—Snuff and the harvest hand moved a step nearer to a long looked for meeting today when the North Dakota senate took up a bill, passed by the house, which provides legalized sale of the product in this state.

Luxury taxes, which would be levied on cosmetics, cigars and some forms of amusement, were designated for the shelf during this session when the house committee recommended that a so-called nuisance bill be killed.

A resolution asking for the repeal of the federal inheritance tax was defeated in the house.

CHICKEN PATTIES BELIEVED TO HAVE POISONED 100 GUESTS

Kansas City, Kan., Feb. 18.—(UP)—Chicken patties, served on the menu at the Founders' Day dinner of the Kansas City, Kan., Parent-Teacher association yesterday, are believed to have poisoned those of the 527 guests who ate them, physicians reported today.

More than 100 women present were given medical treatment last night and it is possible many more of them suffered ill effects from the food.

Three persons grew dangerously ill while at the banquet and left before the program was concluded.

The city chemist was prepared today to make a hasty analysis of samples of all food served at the dinner.

Physicians who attended the victims do not believe there will be any fatalities.

NEAR ZERO WAVE MAY DESTROY FRUIT CROPS OF SOUTH

Chicago, Feb. 18.—(UP)—The wave of near zero temperature which rode over the Midwest today may destroy fruit crops throughout the south. U. S. Weather Forecaster C. A. Donnel told the United Press today.

"According to our reports peach and pear trees are in bloom in Georgia, Alabama, Tennessee and the Carolinas," Donnel said. "The cold wave is heading that way, and while it is losing force as it goes it may be cold enough to blight the fruit crops there."

The wave moved southward and eastward today. Iowa reported below zero temperatures. The temperature in Chicago will waver between zero and five above for several hours and then will moderate, forecasters said.

CONGRESS TODAY

Senate
Resumes consideration of public buildings and radio bills.
Hearings of war veterans organizations appear before claims committee to discuss veterans legislation and national defense.

House
Considers calendar bills.
Census committee considers reappointment.
Veterans committee considers Jerry Tarbot case.

FIXING SALARY OF COUNTY COMMISSIONERS

St. Paul, Feb. 18.—(UP)—Six hundred dollars was fixed by the Minnesota supreme court today as the salary for commissioners in counties with assessed valuations of from \$20,000,000 to \$40,000,000.

The ruling was made in a test case brought by County Auditor Remy of Rice county who sought to clarify a 1919 law, reducing salaries for commissioners from \$800 to \$600, but exempting those then holding office from the reduction.

The supreme court decision indicated that the intent of the legislators had been to delay the salary reduction only for the existing term of commissioners receiving \$800. Re-election to office, the ruling said, placed commissioners on the \$600 per annum basis.

NEGRO SLAYER HANGED TODAY AT CHICAGO

Chicago, Feb. 18.—(UP)—Oscar Quarles, negro convicted of murdering a coffee salesman during a holdup, was hanged today.

The trap was sprung at 7:07 a. m. and he was pronounced dead at 7:25 a. m. He refused to make any form of statement before going to the gallows.

Same Washington, negro, who was also sentenced to hang this morning for murder, was given a stay of execution for one week.

HOUSE PASSES IT AFTER MOST STORMY SESSION

HAD MAJORITY OF 34, BEING 210 FOR TO 176 AGAINST MEASURE

RECHECK SHOWS 112 REPUBLICANS, 94 DEMOCRATS, 3 MINOR PARTIES VOTING FOR IT

By WILLIAM J. McEVROY
(United Press Staff Correspondent)

Washington, Feb. 18.—The McNary-Haugen farm relief bill goes to its fate today.

Having been approved by congress the measure now goes to President Coolidge who is represented as ready to exercise his veto power. With the bill slated for delivery at the White House late this afternoon, the president must approve or veto it before Wednesday, March 2.

The bill completed its final legislative stage last night with passage by the house after one of the most turbulent sessions in recent years. Speaker Longworth announced the vote 214 for to 176 against with one member voting present, but a check on the ballot showed the vote to be 210 for to 176 against, a majority of 34. Additional checks and tabulations might again change the vote but the result cannot be altered.

The recheck showed 112 republicans, 94 democrats, three farmer-laborites and one socialist joined hands in passing the bill. One hundred and six republicans and 70 democrats voted against the measure with Rep. Strong, republican, Pennsylvania, answering present.

Employing steam roller tactics reminiscent of the reign of "Czar" Cannon, the farm bloc crushed opposing forces and secured passage of the bill in the same form the senate approved it.

Only once during the nine and one-half hour session did the farm group lose control but it quickly forced the house to reverse itself at the expense of the republican leadership. Shortly after 6 P. M., Rep. Tilson, Connecticut, majority leader, sought to force adjournment and succeeded in having the bill laid aside. But when he followed through with a motion to adjourn the farm bloc forced a roll call and routed him. The adjournment motion was defeated 198 to 170 and a motion to resume consideration of the bill carried 162 to 121.

Opponents of the bill offered approximately 100 amendments but the farm bloc defense defeated every one. The nearest opponents came to changing the measure was on substitution of the Aswell bill. This attempt failed by 16 votes. It was renewed later in the form of a motion to recommit and was overwhelmed 214 to 175 on a roll call vote.

The action of the house culminates a four-year fight for farm relief legislation. Twice before bills bearing the McNary-Haugen label have been rejected. Supporters of the form of farm relief, however, added and subtracted from the plan and benefitting by extensive trades with other groups in the house were able to secure passage of the bill. It is known the farm bloc traded with the coal group, supporters of the Swing-Johnson Boulder Dam bill and several delegations interested in waterway development.

Contrary to advance reports, the New York "Tammany" delegation did not support the bill. It was reported the New York City members were going to vote for the bill to gain western strength for Gov. Al Smith.

Three U. S. Cruisers Ordered to Shanghai

London, Feb. 18.—(UP)—Three United States cruisers at Honolulu have been ordered to prepare to proceed to Shanghai, according to a dispatch received from Shanghai today. The cruisers named were the Richmond, Cincinnati and Marblehead.

THIRD MYSTERIOUS EXPLOSION IN WEEK AT KANSAS CITY

Kansas City, Mo., Feb. 18.—(UP)—The third mysterious explosion within a week here occurred early today, when a paint shop was splintered by a terrific blast that set fire to several buildings and shook others for blocks in every direction.

Only the presence of Police Captains C. A. Williams and H. J. Watkins, who were passing near the paint shop when the blast occurred, saved a number of persons from burning to death. They rescued 27 men, women and children from two apartment houses which had been ignited. All of them stood in 18 degree weather on the icy streets in night clothes and saw their flats and belongings ravaged by the flames.

Police could assign no cause for the blast.

LAST CHARGE, MOFFAT TUNNEL, FIRED TONIGHT

PRES. COOLIDGE TO PRESS GOLD-EN TELEGRAPH KEY IN WHITE HOUSE

SETS OFF DYNAMITE BLAST IN THE HEART OF THE TUNNEL

By FRED D. FLEMING
(United Press Staff Correspondent)

At the Mouth of Moffat Tunnel, East Portal, Colo., Feb. 18.—With only a few minor tasks yet to be completed, engineers, a governor, a mayor and a group of hardy hard-rock miners today awaited the final blast which will formally open Moffat Tunnel and end their three year's work.

Shortly after 8 o'clock tonight, President Coolidge will press his golden telegraph key in the White House, setting off a dynamite charge in the heart of the tunnel.

After the gaseous fumes have been given time to vanish, a corps of workmen will enter the large hole, clear away the debris and ceremonies in celebration of the pioneer tunnel or the water bore, will begin.

Three miles from the mouth of the tunnel and thousands of feet under the summit to James Peak, announcers of KOA will broadcast the services.

Radio experts, keen on the new experiment of underground broadcasting, arrived in a swirling snowstorm yesterday and spent most of the day getting their equipment installed.

News cameramen, reporters and some of the more sturdy politicians are arriving by automobile and by train. Heavy riding breeches, leather high-top shoes, woolen shirts and caps with ear protectors, is the festive garb.

Twenty-six separate holes have been drilled into the wall or rock which separates the east and west entries of the tunnel, to assure success of President Coolidge's part in the ceremonies.

SUPERIOR, WIS., FIRE FORCES TENANTS INTO THE STREETS

Superior, Wis., Feb. 18.—(UP)—Nine persons were forced into the street scantily clothed early today when fire of an undetermined origin destroyed two two-story frame dwellings on North Third street. Damage was estimated at \$15,000.

VOLCANO IN CAUCASUS SAID IN ERUPTION

Bucharest, Feb. 18.—(UP)—The newspaper Dimineazas at Constantza today published an unconfirmed story saying that a volcano in the Caucasus had erupted "killing many persons and destroying hundreds of houses."

The paper said ships arriving from the Black Sea reported the eruption. The volcano was described as Sogirs, on the coast of the Black Sea, which long had been considered extinct.

DISASTROUS EFFECT UPON SHIPPING REPORTED

U. S. SHIPPING BOARD FREIGHTER ELKTON BELIEVED TO HAVE SUNK

STANDARD OIL TANKER DRIVEN ON THE ROCKS NEAR SAN PEDRO

San Francisco, Feb. 18.—(UP)—More storms in the Pacific ocean today were reported to have had a disastrous effect upon shipping as they approached the already havoc-wrecked Pacific coast.

In all three marine accidents were reported.

The most serious concerned the United States shipping board freighter Elkton, believed to have sunk off Iloilo, in the Philippines. Silence followed distress calls from her yesterday, radio advices received by the marine department of the San Francisco Chamber of Commerce expressing the belief that she had gone down with her crew of 50 aboard.

Heavy seas forced the Canadian freighter Steel Exporter to put back into Honolulu for engine repairs. When they were effected the vessel left Honolulu for British Columbia ports and San Francisco.

The Standard Oil tanker F. H. Hillman, bound from London to San Francisco, was driven ashore on San Nicholas Island near San Pedro. She finally succeeded in getting off the rocks. Late last night she was reported steaming toward this port under her own power.

Weather in the San Francisco Bay region today assumed the same threatening proportions as it did early Wednesday when the worst of the storm conditions prevailed.

Heavy seas in the bay caused capsizing of a barge loaded with ammunition. Shipping was warned to beware of the submerged explosives, which included 750 shrapnel shells. Loss was estimated at \$75,000.

Citizens throughout the coastal districts, following one day of respite from disastrous rains and floods, prepared for the new storms as best they could.

Weather bureau officials, however, declared that the northern and central coast would get the full brunt of the approaching rains, rather than the south which today was just beginning to recover from five days of almost continuous downpour.

A score of deaths, so far, throughout the state have resulted from the week's storm. Damage was estimated at "millions."

Today conditions throughout the south were approaching normalcy. Great rivers, which last week, did not even exist, were dropping, while repair crews were at work on blocked highways and railroad tracks.

Venice and Long Beach, where more than 1,000 families were forced to flee their homes, were still partially submerged. Roads to San Diego were still blocked.

Damage in Los Angeles was estimated at well over \$1,000,000.

Citrus crops were hard hit in Orange county. Thousands of rabbits and chickens died in the San Fernando valley.

AMERICAN FREIGHTER VICTIM OF STORM

Manila, P. I., Feb. 18.—Victim of violent storms off the southern Philippine Islands, the American freighter Elkton today was nowhere to be found. Officers aboard the steamer Liberator which answered the Elkton's distress call, said they believed she had foundered.

When the Liberator came to the spot radioed by the Elkton as her position, nothing but an expanse of oil-spread water could be seen. This, it was said, indicated that the Elkton either had foundered or had emptied the oil to quiet the heavy seas.

The Elkton left a Negros Island port yesterday enroute to Honolulu and New York with a cargo of sugar.

Four United States navy destroyers today were ordered to search for the Elkton midway between the Philippines and Guam where the vessel last was heard from. The Elkton is a U. S. shipping board vessel.

Fresno, Calif., Feb. 18.—In a little mountain hospital at Big Creek, physicians and nurses labored today to save the lives of 22 workmen buried in the snow slide which swept

Heads of war veterans organizations appear before claims committee to discuss veterans legislation and national defense.

House
Considers calendar bills.
Census committee considers re-apportionment.
Veterans committee considers Jerry Tarbot case.

FIXING SALARY OF COUNTY COMMISSIONERS

St. Paul, Feb. 18.—(UP)—Six hundred dollars was fixed by the Minnesota supreme court today as the salary for commissioners in counties with assessed valuations of from \$20,000,000 to \$40,000,000.

The ruling was made in a test case brought by County Auditor Remy of Rice county who sought to clarify a 1919 law, reducing salaries for commissioners from \$800 to \$600, but exempting those then holding office from the reduction.

The supreme court decision indicated that the intent of the legislature had been to delay the salary reduction only for the existing term of commissioners receiving \$800. Re-election to office, the ruling said, placed commissioners on the \$600 per annum basis.

NEGRO SLAYER HANGED TODAY AT CHICAGO

Chicago, Feb. 18.—(UP)—Oscar Quarles, negro convicted of murdering a coffee salesman during a holdup, was hanged today.

The trap was sprung at 7:07 a. m. and he was pronounced dead at 7:25 a. m. He refused to make any form of statement before going to the gallows.

Same Washington, negro, who was also sentenced to hang this morning for murder, was given a stay of execution for one week.

HOUSE PASSES IT AFTER MOST STORMY SESSION

HAD MAJORITY OF 34, BEING 210 FOR TO 176 AGAINST MEASURE

RECHECK SHOWS 112 REPUBLICANS, 94 DEMOCRATS, 3 MINOR PARTIES VOTING FOR IT

By WILLIAM J. McEVY (United Press Staff Correspondent)

Washington, Feb. 18.—The McNary-Haugen farm relief bill goes to its fate today.

Having been approved by congress the measure now goes to President Coolidge who is represented as ready to exercise his veto power. With the bill slated for delivery at the White House late this afternoon, the president must approve or veto it before Wednesday, March 2.

The bill completed its final legislative stage last night with passage by the house after one of the most turbulent sessions in recent years. Speaker Longworth announced the vote 214 for to 176 against with one member voting present, but a check on the ballot showed the vote to be 210 for to 176 against, a majority of 34. Additional checks and tabulations might again change the vote but the result cannot be altered.

The recheck showed 112 republicans, 94 democrats, three farmer-laborites and one socialist joined hands in passing the bill. One hundred and six republicans and 70 democrats voted against the measure with Rep. Strong, republican, Pennsylvania, answering present.

Employing steam roller tactics reminiscent of the reign of "Czar" Cannon, the farm bloc crushed opposing forces and secured passage of the bill in the same form the senate approved it.

Only once during the nine and one-half hour session did the farm group lose control but it quickly forced the house to reverse itself at the expense of the republican leadership. Shortly after 6 P. M. Rep. Tilson, Connecticut, majority leader, sought to force adjournment and succeeded in having the bill laid aside. But when he followed through with a motion to adjourn the farm bloc forced a roll call and routed him. The adjournment motion was defeated 198 to 170 and a motion to resume consideration of the bill carried 162 to 121.

Opponents of the bill offered approximately 100 amendments but the farm bloc defense defeated every one. The nearest opponents came to changing the measure was on substitution of the Aswell bill. This attempt failed by 16 votes. It was renewed later in the form of a motion to recommit and was overwhelmed 214 to 175 on a roll call vote.

The action of the house culminates a four-year fight for farm relief legislation. Twice before bills bearing the McNary-Haugen label have been rejected. Supporters of the form of farm relief, however, added and subtracted from the plan and benefitting by extensive trades with other groups in the house were able to secure passage of the bill. It is known the farm bloc traded with the coal group, supporters of the Swing-Johnson Boulder Dam bill and several delegations interested in waterway development.

Contrary to advance reports, the New York "Tammany" delegation did not support the bill. It was reported the New York City members were going to vote for the bill to gain western strength for Gov. Al Smith.

Three U. S. Cruisers Ordered to Shanghai

London, Feb. 18.—(UP)—Three United States cruisers at Honolulu have been ordered to prepare to proceed to Shanghai, according to a dispatch received from Shanghai today. The cruisers named were the Richmond, Cincinnati and Marblehead.

THIRD MYSTERIOUS EXPLOSION IN WEEK AT KANSAS CITY

Kansas City, Mo., Feb. 18.—(UP)—The third mysterious explosion within a week here occurred early today, when a paint shop was splintered by a terrific blast that set fire to several buildings and shook others for blocks in every direction.

Only the presence of Police Captain C. A. Williams and H. J. Watkins, who were passing near the paint shop when the blast occurred, saved a number of persons from burning to death. They rescued 27 men, women and children from two apartment houses which had been ignited. All of them stood in 18 degree weather on the icy streets in night clothes and saw their flats and belongings ravaged by the flames.

Police could assign no cause for the blast.

LAST CHARGE, MOFFAT TUNNEL, FIRED TONIGHT

PRES. COOLIDGE TO PRESS GOLD-EN TELEGRAPH KEY IN WHITE HOUSE

SETS OFF DYNAMITE BLAST IN THE HEART OF THE TUNNEL

By FRED D. FLEMING (United Press Staff Correspondent)

At the Mouth of Moffat Tunnel, East Portal, Colo., Feb. 18.—With only a few minor tasks yet to be completed, engineers, a governor, a mayor and a group of hardy hard-rock miners today awaited the final blast which will formally open Moffat Tunnel and end their three-year work.

Shortly after 8 o'clock tonight, President Coolidge will press his golden telegraph key in the White House, setting off a dynamite charge in the heart of the tunnel.

After the gaseous fumes have been given time to vanish, a corps of workmen will enter the large hole, clear away the debris and ceremonies in celebration of the pioneer tunnel or the water bore, will begin.

Three miles from the mouth of the tunnel and thousands of feet under the summit to James Peak, announcers of KOA will broadcast the services.

Radio experts, keen on the new experiment of underground broadcasting, arrived in a swirling snowstorm yesterday and spent most of the day getting their equipment installed.

News cameramen, reporters and some of the more sturdy politicians are arriving by automobile and by train. Heavy riding breeches, leather high-top shoes, woolen shirts and caps with ear protectors, is the festive garb.

Twenty-six separate holes have been drilled into the wall or rock which separates the east and west entries of the tunnel, to assure success of President Coolidge's part in the ceremonies.

SUPERIOR, WIS., FIRE FORCES TENANTS INTO THE STREETS

Superior, Wis., Feb. 18.—(UP)—Nine persons were forced into the street scantily clothed early today when fire of an undetermined origin destroyed two two-story frame dwellings on North Third street. Damage was estimated at \$15,000.

VOLCANO IN CAUCASUS SAID IN ERUPTION

Bucharest, Feb. 18.—(UP)—The newspaper Diminenzas at Constantza today published an unconfirmed story saying that a volcano in the Caucasus had erupted "killing many persons and destroying hundreds of houses."

The paper said ships arriving from the Black Sea reported the eruption. The volcano was described as Sogirs, on the coast of the Black Sea, which long had been considered extinct.

DISASTROUS EFFECT UPON SHIPPING REPORTED

U. S. SHIPPING BOARD FREIGHTER ELKTON BELIEVED TO HAVE SUNK

STANDARD OIL TANKER DRIVEN ON THE ROCKS NEAR SAN PEDRO

San Francisco, Feb. 18.—(UP)—More storms in the Pacific ocean today were reported to have had a disastrous effect upon shipping as they approached the already havoc-wrecked Pacific coast.

In all three marine accidents were reported.

The most serious concerned the United States shipping board freighter Elkton, believed to have sunk off Hilo, in the Philippines. Silence followed distress calls from her yesterday, radio advices received by the marine department of the San Francisco Chamber of Commerce expressing the belief that she had gone down with her crew of 50 aboard.

Heavy seas forced the Canadian freighter Steel Exporter to put back into Honolulu for engine repairs. When they were effected the vessel left Honolulu for British Columbia ports and San Francisco.

The Standard Oil tanker F. H. Hillman, bound from London to San Francisco, was driven ashore on San Nicholas Island near San Pedro. She finally succeeded in getting off the rocks. Late last night she was reported steaming toward this port under her own power.

Weather in the San Francisco Bay region today assumed the same threatening proportions as it did early Wednesday when the worst of the storm conditions prevailed.

Heavy seas in the bay caused capsizing of a barge loaded with ammunition. Shipping was warned to beware of the submerged explosives, which included 750 shrapnel shells. Loss was estimated at \$75,000.

Citizens throughout the coastal districts, following one day of respite from disastrous rains and floods, prepared for the new storms as best they could.

Weather bureau officials, however, declared that the northern and central coast would get the full brunt of the approaching rains, rather than the south which today was just beginning to recover from five days of almost continuous downpour.

A score of deaths, so far, throughout the state have resulted from the week's storm. Damage was estimated at "millions."

Today conditions throughout the south were approaching normalcy. Great rivers, which last week, did not even exist, were dropping, while repair crews were at work on blocked highways and railroad tracks.

Venice and Long Beach, where more than 1,000 families were forced to flee their homes, were still partially submerged. Roads to San Diego were still blocked.

Damage in Los Angeles was estimated at well over \$1,000,000.

Citrus crops were hard hit in Orange county. Thousands of rabbits and chickens died in the San Fernando valley.

AMERICAN FREIGHTER VICTIM OF STORM

Manila, P. I., Feb. 18.—Victim of violent storms off the southern Philippine Islands, the American freighter Elkton today was nowhere to be found. Officers aboard the steamer Liberator which answered the Elkton's distress call, said they believed she had foundered.

When the Liberator came to the spot radioed by the Elkton as her position, nothing but an expanse of oil-spread water could be seen. This, it was said, indicated that the Elkton either had foundered or had emptied the oil to quiet the heavy seas.

The Elkton left a Negros Island port yesterday enroute to Honolulu and New York with a cargo of sugar.

Four United States navy destroyers today were ordered to search for the Elkton midway between the Philippines and Guam where the vessel last was heard from. The Elkton is a U. S. shipping board vessel.

Fresno, Calif., Feb. 18.—In a little mountain hospital at Big Creek, physicians and nurses labored today to save the lives of 22 workmen buried in the snow slide which swept (Continued on page 2)

Fred O. Nygaard Fractures Skull
Loading Pulp This
Morning

AT THE NORTHWEST PAPER CO.
Employed at Mill Since 1916; Sur-
vived by Wife and Five
Children

Fred O. Nygaard, aged 52 years,
received fatal injuries this morning
while at work in the wet room of
The Northwest Paper Co. His death
at 11 a. m. at the St. Joseph's hospi-
tal resulted from fracture of the
skull.

While loading pulp on a truck
from a pile a few minutes after he
had started his shift at 8 o'clock one
of the bundles fell, striking Nygaard
on the back and driving him with
such force against the concrete floor
that he fractured his skull.

The deceased had been an em-
ployee of The Northwest Paper Co.
since 1916. He is survived by his
wife Sigrid Nygaard and five chil-
dren at 902 N. E. Seventh avenue.

Funeral arrangements have not
been completed yet.

PINEDO ABANDONS FLIGHT ACROSS SOUTH ATLANTIC

Bolama, Portuguese Guinea, Feb. 18.
—(UP)—Colonel Francesco de Pinedo
today announced he had abandoned
his plan to make a non-stop flight
across the south Atlantic, and that he
would revise his schedule to include
two island stops on the flight from
Africa to South America.

Repeated efforts to lift the big Sa-
voia plane from the water here yes-
terday and the day before apparently
convinced De Pinedo that he could
not take off with sufficient fuel to
ensure success of the non-stop ven-
ture.

The new itinerary announced by the
flier would cause him to return north-
ward to Dakar, in French Senegal,
whence he would make a short flight
to Porto Praia, Cape Verde islands,
which lie west and slightly north of
Dakar. From Porto Praia, the Italian
would fly to the island of Fernando

Noronha, approximately 1,900 miles to
the southwest. Fernando Noronha is
about 300 miles from the nearest
points on the coast of Brazil.

Bolama, Portuguese Guinea, West
Africa, Feb. 18.—(UP)—Col. Fran-
cesco de Pinedo, Italian aviator, de-
parted at 2:47 p. m. today for Dakar,
French Senegal, where he will take
off on a flight across the south At-
lantic to Brazil.

BRAINERD MAN HEADS STATE LODGE

Andrew Anderson of Brainerd was
elected Grand Master Workman of the
Grand Lodge of the Ancient Order of
United Workmen at the state organi-
zation's annual session at Mankato,
Feb. 16, instead of Martin Anderson,
as was erroneously announced in yester-
day's Dispatch. Mr. Anderson, former
Grand Foreman, succeeds W. L.
Scott of Minneapolis.

The 1928 convention was awarded
to Duluth and a resident of that city,
W. J. Stephens, was named Grand
Foreman, the second highest officer.

SPENCER J. SEARLS JUDGE OF SMALL DEBTORS' COURT

Duluth, Feb. 18.—(UP)—Spencer J.
Searls, of Duluth, an attorney and
former member of the state legisla-
ture, is to be appointed judge of the
newly created and established small
debtors' court here. Word was re-
ceived here today that Gov. Theodore
Christianson had announced the ap-
pointment, effective June 1, when the
new court will begin functioning.

E. T. GERRY PASSES AWAY AT NEW YORK

New York, Feb. 18.—(UP)—Eldridge
T. Gerry, attorney and philanthropist,
father of United States Senator Peter
G. Gerry of Rhode Island, died to-
day at his home here. He was in his
90th year.

READ THE WANT ADS DAILY

SOME TRUNK ROADS REPORTED ROUGH

Thawing followed by freezing has
left some stretches of the Minnesota
trunk highways rough, especially in
the southern part of the state, but
most of the routes are good, accord-
ing to the weekly condition report
issued by the State Highway depart-
ment today. The paved highways
are generally free of snow and all
good. A few stretches in the north-
western and southeastern portions of
the state are still closed.

The Highway department repeats
its warning to long distance travel-
ers to be prepared for fresh snows
and winds which may cause quick
changes in the road conditions as
reported today. Detailed reports
follow, insofar as they refer to the
Brainerd area:

T. H. No. 2 — Duluth, Brainerd,
Wadena, Detroit Lakes and Moor-
head—264 miles—Duluth, paved—
Carlton, good—McGregor, fair—Ait-
kin, good—Brainerd, good—Wadena,
good—Detroit Lakes, good—Moor-
head.

T. H. No. 18—Elk River, Milaca
and Brainerd—102 miles—All good.

T. H. No. 19—Brainerd, Walker
and Cass Lake—97 miles—All good.

T. H. No. 27 — St. Cloud, Little
Falls and Brainerd—66 miles—Paved,
good.

JAPANESE CRUISER LEAVES FOR SHANGHAI

Tokio, Feb. 18.—(UP)—The Japan-
ese cruiser Hirado sailed today from
Tsing Tao, bound for Shanghai, on
receipt of news of the threatening sit-
uation at Hangchow.

Simultaneously government officials
here announced that Japan stood
ready to extend practical recognition
to the Cantonese government on the
same basis as offered by Great Brit-
ain, inasmuch as such recognition was
essential for the maintenance of trade
relationships.

Bo Molenda Flunked in Studies
Ann Arbor, Mich.—Bo Molenda, all
American fullback for the last two

FOUR ARMY PLANES FLY TO SANTIAGO

Antofagasta, Chile, Feb. 18.—(UP)
—Four planes of the United States
army's Pan-American flight squadron
departed today at 7:10 a. m. on a
southward flight toward Santiago, capi-
tal of Chile.

PILL-TAKER FREED FROM HIS HABIT

ALL-BRAN brought nat-
ural relief from chronic
constipation

Constipation is almost a univer-
sal curse—father of more than
forty diseases. Yet there is real
assurance in Mr. Ladue's letter:

"After sixteen years of taking pills, it
cured me. If the millions of people that
suffer from constipation only knew what
Kellogg's ALL-BRAN would do, some of
the pill-makers would go out of business.
Every doctor should recommend it. I tell
all that I know so that they can get the joy
out of life I am getting since I started on
Kellogg's ALL-BRAN 3 months ago."
Mr. JULIAN LADUE
Burlington, Vt.

Hollow cheeks, pimples, listless-
ness are some of the symptoms.
Don't risk it another day. Kellogg's
ALL-BRAN is guaranteed to re-
lieve constipation. Two tablespoon-
fuls daily—in chronic cases, with
every meal.

Delicious with milk or cream—
and add fruits or honey. Use in
cooking. Comes ready to eat. Sold
and served everywhere. Made by
Kellogg in Battle Creek. Recipes
on package.

Build Strength In Place of Weakness

Perhaps you are one of many who are convalescing after
a troublesome cold or cough or possibly gripe and find
that your strength is at rather low ebb.

At such times it is all-important that you be well-nourished,
and nothing quite equals pure, emulsified cod-liver oil to help
build strength in place of weakness.

SCOTT'S EMULSION OF PURE VITAMIN-TESTED COD-LIVER OIL

is the effective means that thousands use daily to help re-
establish health and vigor. Containing as it does a wealth
of health-promoting cod-liver oil vitamins it is the
very help the weakened body needs.

If you are convalescing from a cold, cough,
gripe or other respiratory infection—we
strongly recommend the regular use of Scott's
Emulsion for at least thirty days.

A FAIR, SENSIBLE MILK IMPORT LAW

THERE is cause for rejoicing in the northwest and elsewhere in the country because the bill passed by congress prohibiting the importation of insanitary milk and cream from Canada has become a law with the attachment of the President's signature. It is anticipated that one effect of the law will be to increase the shipments of milk and cream from this part of the country to big eastern consuming markets.

When this is said, it may be added that the dollars-and-cents view of the case, standing alone, is too narrow. The general social aspect is the one of greatest importance. Local health officials of the United States, and particularly those in the large consuming centers, have been stressing for many years the necessity for supplies of milk of high sanitary quality. To no other single subject have they devoted more zealous attention.

In the presence of this fact it is both unfair in economics and unsound in the test of social considerations to permit insanitary milk from Canada to compete on even or better than even terms in American markets with sanitary milk produced and distributed in this country. Stiffest opposition to the enactment of the bill came from New York and Boston where there was a seemingly groundless fear that the milk and cream supply there might be unduly curtailed. The answer to this ought to be that Canada should send over sanitary milk, if it is to send any. The new law does not forbid its product of that kind to come in.

The cause of diversified farming in this country fairly demands that home milk products be not subjected to unfair competition with imported products. This contention is the more reasonable because of the improved service now available for placing good milk and cream in markets far distant from the place of production. If eastern dairies cannot provide eastern markets with all the milk and cream they need, it is possible for western and northwestern dairies to make up the deficit without any lowering of quality standards. The Minnesota delegation in Washington shares in the credit for bringing about the enactment of the new law.—*Minneapolis Tribune*.

EUROPE BIDDING FOR TOURISTS

FOREIGN countries with highly advertised touring areas are making such a strong bid for United States tourist trade that some of America's best known resorts are certain to be badly hit unless they meet the competition.

National headquarters of the American Automobile Association has been making a quiet investigation and has sounded the alarm. As disclosed by this report, many foreign governments are taking an active interest in promoting and exploiting their resort areas and the main appeal is addressed to American prospects. In addition to this, points out the A. A. A. National Touring Board, more than a score of large shipping companies are feverishly engaged in this same work of exploiting foreign touring areas, offering attractive ocean rates and better facilities for the shipment of automobiles.

The Touring Board points out that American touring areas are facing the stiffest and hardest kind of competition and that they must bestir themselves and acquaint the public, particularly the motoring public, with what they have to offer for amusement and recreation. They must do exactly as their foreign competitors are doing.

"See America First" is no idle slogan. It means a lot to the business life of our resort areas that Americans do not all become enthused with European vacations and forget our own country.

Europe, by the way, sends precious few money-spending tourists to our shores. American money flies in a golden shower on to London, Berlin, Switzerland, Italy, etc. True, every agency is entitled to go after business, but it is incumbent on us to see that we retain a goodly share of our own home business.

FUNDS FOR TOWN BANDS

EVERY town must have its band, sometimes one, sometimes several bands, but usually a little group of business men or a commercial organization or luncheon club helps to support it. If a bill now before the legislature becomes a law, the town band or bands may be supported by taxation.

Senator A. J. Rockne of Zumbrota is the author of a bill in the senate, and Representative Otto Kolshorn has a companion bill in the house, authorizing any city or town of the second, third and fourth class to levy a small tax in support of a band.

"Many towns have difficulty keeping up a band, so we propose to let them support it by taxation if they see fit," the sponsors of the bill said.

BRAINERD MAN WINS POST

NEWS reports indicate the appointment of George Weaver, chief game warden, as superintendent of state fisheries at Redby. Mr. Weaver made Brainerd his home many years before going to Minneapolis, and since then has acquired interests on Mille Lacs lake west shore where he erected summer homes.

Mr. Weaver succeeds Selvert A. Selvig, suspended a week ago, following a showing in a report by Garfield Brown, state public examiner.

WE often wondered how a travelingman was able to make Florida resort towns when seemingly abnormally high hotel rates stared him in the face. Evidently a heavy expense bill was to be turned in to make the territory. We have a letter today from Tampa, Florida, which offers true hospitality to commercial men at the hotel named, and where 400 rooms, each with private bath or shower, are listed from \$3.50 to \$4.50 a day, prices posted in each room.

WHEN your son begins to think he should go to town and get started for himself, deed him that idle forty acres, and watch him develop it, or take him into partnership. We notice, continues the Isle Advance, that those farms operated by somebody "& Son" are usually prosperous, and the son stays at home.

BRAINERD isn't the only town harboring a surplus of "colds." Minneapolis people have sneezed and cried their weary way through the same affliction. These "colds" in some places approach the tenacity of mild cases of the flu.

BRAINERD

25 YEARS AGO

From the Daily Dispatch

Feb. 16, 1902

J. C. Howell, J. T. Sanborn, and Hugh Breason were among those who went down to St. Paul this afternoon to attend the session of the grand lodge, A. O. U. W., which convened in that city tomorrow.

Marriage licenses have been issued to James Peters and Edith Chipman; Chas. H. Powers and Henrietta Sims; Dr. J. A. Thabes drove to Merfield and back yesterday afternoon. A baby girl has been born to Mr. and Mrs. Joseph Kiebler.

Voting in the "most popular lady teacher" contest which was inaugurated by the Brainerd Dispatch last week has been livelier today than any since the beginning. Miss Rosa Arnold appeared on the scene today and starts out with a cool 1,012 votes and the probability is that she will make a very formidable candidate throughout the contest.

Miss Somers leads however with quite a margin.

C. A. Lagerquist has been to Aitkin to interview the baseball enthusiasts of that town on the proposed baseball league which was discussed a few days ago in a letter written to Mr. Lagerquist. Mr. Lagerquist states that so far as he is concerned he is in favor of the proposed league including Duluth, Cloquet, Aitkin, Brainerd, Little Falls and St. Cloud and that he so informed the Aitkin people. It is understood that those interested in the other cities are also in favor of such an organization and in all probability a meeting will be called in the near future.

WAITED FOR HIS GIRL WITH CLUB

St. Paul, Feb. 18.—(UP)—A prehistoric wooer, who thought it was nice to go calling on a girl with a club, was cooling his passionate soul in a modern bastle here as police queried how come?

Vincent Fox, 21, the hang-over from the good old stone age, was taken to the bosom of the law when he was found in a strange kitchen with the big stick pressed to his now neglected breast.

Venda Larson, part time sweetheart of Fox and full time maid, was out with another and he, Fox, was waiting for her to come home, he told police, so that he might instruct her in matters regarding constancy.

SEEK TO REPAY MAGNUS JOHNSON FOR HIS EXPENSES

Washington, Feb. 18.—(UP)—A resolution providing for payment of \$2,500 to former Sen. Magnus Johnson for expenses incurred in his contest for the seat now held by Sen. Schall, republican, Minnesota, was introduced today by Sen. Ernst, republican, Kentucky.

The tide is turning EVEN STRONGER to the

PONTIAC SIX

ASIDE from the overwhelming success enjoyed by the Pontiac Six, probably the most significant compliments paid to the car are the attempts being made to imitate its appeal. Yet for all the conscientious and capable effort expended in that direction, Pontiac sales continue at record-breaking figures; and what is more important, the tide is turning stronger to the Pontiac Six!

A year of service has been completed—with flying colors, too! The number of actual owners is now well above 70,000—the largest ever won

by a new make of car during a similar period. Pontiac Six design has proved itself—for performance, for reliability, for economy and for the ability to endure the pitiless pounding of top speed driving, hour after hour.

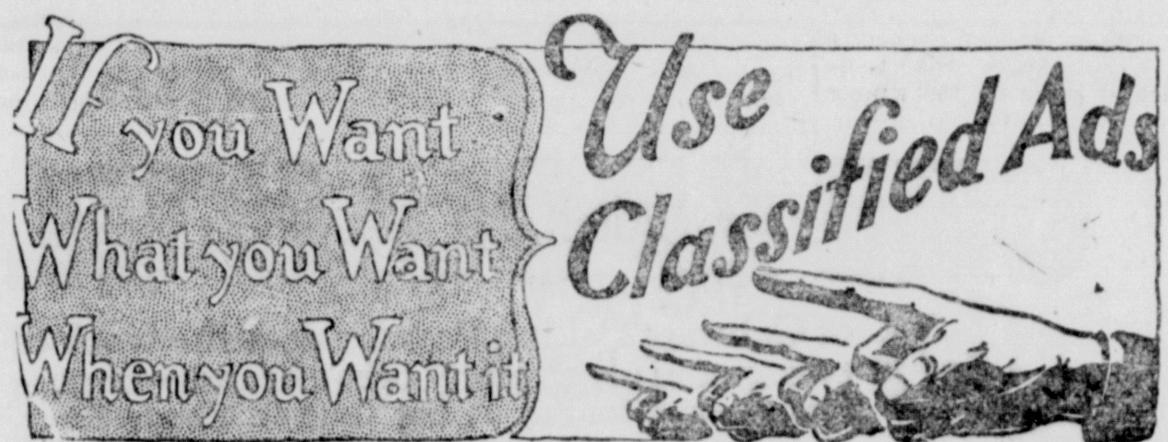

And when a low-priced six as beautiful, powerful and as comfortable as the Pontiac Six so clearly proves itself to be right—

—it is only natural that buyers should prefer it so strongly over what the market affords!

Pontiac Six, \$825 to \$975. Oakland Six, companion to Pontiac Six, \$1025 to \$1295. All prices at factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.

A FAIR, SENSIBLE MILK IMPORT LAW

THERE is cause for rejoicing in the northwest and elsewhere in the country because the bill passed by congress prohibiting the importation of insanitary milk and cream from Canada has become a law with the attachment of the President's signature. It is anticipated that one effect of the law will be to increase the shipments of milk and cream from this part of the country to big eastern consuming markets.

When this is said, it may be added that the dollars-and-cents view of the case, standing alone, is too narrow. The general social aspect is the one of greatest importance. Local health officials of the United States, and particularly those in the large consuming centers, have been stressing for many years the necessity for supplies of milk of high sanitary quality. To no other single subject have they devoted more zealous attention.

In the presence of this fact it is both unfair in economics and unsound in the test of social considerations to permit insanitary milk from Canada to compete on even or better than even terms in American markets with sanitary milk produced and distributed in this country. Stiffest opposition to the enactment of the bill came from New York and Boston where there was a seemingly groundless fear that the milk and cream supply there might be unduly curtailed. The answer to this ought to be that Canada should send over sanitary milk, if it is to send any. The new law does not forbid its product of that kind to come in.

The cause of diversified farming in this country fairly demands that home milk products be not subjected to unfair competition with imported products. This contention is the more reasonable because of the improved service now available for placing good milk and cream in markets far distant from the place of production. If eastern dairies cannot provide eastern markets with all the milk and cream they need, it is possible for western and northwestern dairies to make up the deficit without any lowering of quality standards. The Minnesota delegation in Washington shares in the credit for bringing about the enactment of the new law.—*Minneapolis Tribune*.

EUROPE BIDDING FOR TOURISTS

FOREIGN countries with highly advertised touring areas are making such a strong bid for United States tourist trade that some of America's best known resorts are certain to be badly hit unless they meet the competition.

National headquarters of the American Automobile Association has been making a quiet investigation and has sounded the alarm. As disclosed by this report, many foreign governments are taking an active interest in promoting and exploiting their resort areas and the main appeal is addressed to American prospects. In addition to this, points out the A. A. National Touring Board, more than a score of large shipping companies are feverishly engaged in this same work of exploiting foreign touring areas, offering attractive ocean rates and better facilities for the shipment of automobiles.

The Touring Board points out that American touring areas are facing the stiffest and hardest kind of competition and that they must bestir themselves and acquaint the public, particularly the motoring public, with what they have to offer for amusement and recreation. They must do exactly as their foreign competitors are doing.

"See America First" is no idle slogan. It means a lot to the business life of our resort areas that Americans do not all become enthused with European vacations and forget our own country.

Europe, by the way, sends precious few money-spending tourists to our shores. American money flies in a golden shower on to London, Berlin, Switzerland, Italy, etc. True, every agency is entitled to go after business, but it is incumbent on us to see that we retain a goodly share of our own home business.

FUNDS FOR TOWN BANDS

EVERY town must have its band, sometimes one, sometimes several bands, but usually a little group of business men or a commercial organization or luncheon club helps to support it. If a bill now before the legislature becomes a law, the town band or bands may be supported by taxation.

Senator A. J. Rockne of Zumbrota is the author of a bill in the senate, and Representative Otto Kolshorn has a companion bill in the house, authorizing any city or town of the second, third and fourth class to levy a small tax in support of a band.

"Many towns have difficulty keeping up a band, so we propose to let them support it by taxation if they see fit," the sponsors of the bill said.

BRAINERD MAN WINS POST

NEWS reports indicate the appointment of George Weaver, chief game warden, as superintendent of state fisheries at Reddy. Mr. Weaver made Brainerd his home many years before going to Minneapolis, and since then has acquired interests on Mille Lacs lake west shore where he erected summer homes.

Mr. Weaver succeeds Seivert A. Selvig, suspended a week ago, following a showing in a report by Garfield Brown, state public examiner.

WE often wondered how a travelingman was able to make Florida resort towns when seemingly abnormally high hotel rates stared him in the face. Evidently a heavy expense bill was to be turned in to make the territory. We have a letter today from Tampa, Florida, which offers true hospitality to commercial men at the hotel named, and where 400 rooms, each with private bath or shower, are listed from \$3.50 to \$4.50 a day, prices posted in each room.

WHEN your son begins to think he should go to town and get started for himself, deed him that idle forty acres, and watch him develop it, or take him into partnership. We notice, continues the Isle Advance, that those farms operated by somebody "& Son" are usually prosperous, and the son stays at home.

BRAINERD isn't the only town harboring a surplus of "colds." Minneapolis people have sneezed and cried their weary way through the same affliction. These "colds" in some places approach the tenacity of mild cases of the flu.

HELL hath no fury like a woman who has broken a fingernail washing dishes, says the Flint Daily Journal.

BRAINERD

25 YEARS AGO

From the Daily Dispatch

Feb. 16, 1902

J. C. Hassell, J. T. Sanborn, and Hugh Breason were among those who went down to St. Paul this afternoon to attend the session of the grand lodge, A. O. U. W. which convenes in that city tomorrow.

Marriage licenses have been issued to James Peters and Edith Chipman; Chas. H. Powers and Henrietta Sims. Dr. J. A. Thabes drove to Merfield and back yesterday afternoon.

A baby girl has been born to Mr. and Mrs. Joseph Kiebler.

Voting in the "most popular lady teacher" contest which was inaugurated by the Brainerd Dispatch last week has been livelier today than any since the beginning. Miss Rose Arnold appeared on the scene today and starts out with a cool 1,012 votes, and the probability is that she will make a very formidable candidate throughout the contest.

Miss Somers leads however with quite a margin.

C. A. Lagerquist has been to Aitkin to interview the baseball enthusiasts of that town on the proposed baseball league which was discussed a few days ago in a letter written to Mr. Lagerquist. Mr. Lagerquist states that so far as he is concerned he is in favor of the proposed league including Duluth, Cloquet, Aitkin, Brainerd, Little Falls and St. Cloud and that he so informed the Aitkin people. It is understood that those interested in the other cities are also in favor of such an organization and in all probability a meeting will be called in the near future.

"WISE MONEY" IS PLACED ON MALONEY

BOSTON BRUISER MEETS DELANEY

AT N. Y. TONIGHT

BETTING ODDS IN FINANCIAL DISTRICT 7 TO 5 THAT DELANEY WINS

TWO FIGHTERS TO BE WEIGHED IN AT OFFICE OF BOXING COMMISSION

By HENRY L. FARRELL

(United Press Staff Correspondent)

New York, Feb. 18.—On a September afternoon last fall in Philadelphia, when the crowds were starting for the Sesqui stadium, a tip passed out in the hotel lobbies, on the street corners and in the cigar stores:

"Look out! The wise money is all being dumped on Tunney."

And then Gene Tunney upset all form by giving Jack Dempsey the worst beating he had ever suffered, those who had heard the whisper tip were assured that the "wise money" had wisdom behind it and that something was wrong in that water-drenched ring.

Broadway has been disturbed for two days now with the report that the "wise money" is being laid on Jim Maloney, the Boston heavyweight, to win from Jack Delaney, world light heavyweight champion, when they meet tonight for ten rounds or less in Tex Rickard's Garden.

Before every big fight, the same rumors are heard about the activities of the "wise money."

There are the stories of "big operators" of wise men who were alleged to have had a hand in the fixing of the 1919 world series, bookmakers from the track and other "sure-thing" fellows who were hocking the jewels and plastering mortgages on the old home to bet that Maloney will win.

But the figures released by betting commissioners do not justify any belief that Maloney has more than an even chance to win. And so far as any funny business is concerned, a sensible observer knows that there is too much at stake for the winner to make it worth while for any arrangement.

The betting odds quoted today in the financial district were seven to five that Delaney wins. More than \$300,000 was reported to have been placed at those odds by one firm and considering that there are several firms placing money, it seems fair to estimate that close to \$1,000,000 will be at stake on the fight.

Money was offered here today at four to one that Delaney is not knocked out and two to one that Maloney is not knocked out. The betting commissioners, who are familiar with the market, predicted that by ring time Delaney might be a nine to five favorite or a two to one.

Money always talks and the figures do not show that the "wise money" is of any influence on the market.

The two fighters were due in New York from their training camps today to await the two o'clock hour for weighing in at the office of the boxing commission.

They were held in strict incommunicado and their handlers were forced to assume the duties of coppers on riot duty to keep away the crowds of curious and those who thought that the fighters might have an extra ticket that he purchased for less than a century note.

The ticket situation was the worst that Tex Rickard ever has faced. He could have filled the Yankee stadium with the card but there are only 22,000 seats in his Garden and at least 50,000 fans want to see the fight.

Speculators were asking \$150 a pair for ringside seats and the cheaper seats were scaled in the same proportion.

New York, Feb. 18. — (UP)—Sleeping in a hotel here overnight after leaving his training camp at Long Branch, N. J., Jim Maloney faced the following program, as outlined by his manager, upon awakening today:

"He gets up; he walks; he has breakfast; he walks again; he weighs in; he takes another sleep—and then he walks over to Madison Square Garden and knocks out Delaney."

Bridgeport, Conn., Feb. 18.—(UP)—A rousing send-off from the citizenry of Bridgeport will mark Jack Delaney's departure for New York today.

Delaney will make his headquarters in the home of his manager, Pete Reilly, after arriving in New York.

"I hope to end the battle before it has gone half the scheduled number of rounds," was the light heavyweight champion's optimistic view of the fuss with Jim Maloney.

New York, Feb. 18.—Jim Maloney of Boston, Mass., tonight will enter the ring against Jack Delaney of Bridgeport, Conn., world light heavy-

LOCAL GAMES NEAR CLOSE

weight champion, with a 31½ pound weight advantage.

Their weights at the offices of the state athletic commission this afternoon were announced as follows:

Maloney, 203½ pounds.

Delaney, 172 pounds.

TROPHY CUPS FOR S. S. LEAGUE NOW BEING DISPLAYED

PETERSON CLOTHING CO. PRESENTS CUP FOR JUNIOR WINNERS

INTERMEDIATES VIE FOR J. C. PENNEY CO. SILVER TROPHY

The silver trophy cups being fought for by the Junior and Intermediate divisions of the Sunday school basketball league arrived yesterday, and were today placed in the windows of their donors for display.

The Peterson Clothing Co. is offering a cup engraved "Junior S. S. Champions, 1927," to the winners in the younger circuit. The cup is a Marie Antoinette model of hammered silver, with a bonnet base. This cup is on display at the store windows in the new Elks building.

The J. C. Penney Co. has purchased a Utopian silver cup with base, engraved "Intermediate S. S. Champions, 1927," and has put it on display in their windows at Seventh and Laurel.

The basketball schedules of these two divisions continue through three weeks. A fifth team, the Episcopalian, is being added to the Junior league, and will make competition more keen in that division.

The games of the Sunday school league are being played at the Y. M. C. A. on Mondays, Tuesdays, Wednesdays and Thursdays of each week, starting at 7 o'clock each evening. Admission is free to anyone wishing to attend.

DICK MARSHALL GAINS PROMINENCE IN BASKETBALL

LOCAL BOY HOLDS DOWN CENTER POSITION ON MACALESTER COLLEGE QUINT

PLAYED FORWARD ON THE BRAINERD HIGH SCHOOL CHAMPIONSHIP TEAM

Dick Marshall, Brainerd boy, student at Macalester college is making a name for himself on the first team of the college represented in the State College Basketball League.

During the last couple games, Marshall who holds down steady center position has secured 23 points. In the game Wednesday night against St. Thomas, Marshall scored five field goals and one foul throw, a total of 11 points. He is gradually rising among the highest scorers in the state league.

Marshall last year was a forward on the B. H. S. district championship team. His parents reside in Northeast Brainerd.

TICKET SCALPING SITUATION LOOMS LARGE IN FIGHT

TWO SEPARATE INVESTIGATIONS NOW BEING MADE IN NEW YORK CITY

STATE ATHLETIC COMMISSION, AGENTS OF FEDERAL INTERNAL REVENUE DEPT.

New York, Feb. 18.—(UP)—The ticket scalping situation in connection with tonight's heavyweight fight between Jack Delaney and Jim Maloney today had assumed proportions unequalled in the history of local indoor boxing.

Two separate investigations—one by the state athletic commission and another by agents of the federal internal revenue department—were being made and speculators continued to charge and obtain as high as \$100 for a \$22.50 seat.

Al Loose, secretary to Tex Rickard, the Madison Square Garden promoter staging the fight, has been summoned to appear at the state commission's office at 10:30 a. m. He must produce an itemized account of the location of all seats in the blocks turned over to the managers of both Delaney and Maloney, also the IOU's given by the latter in payment.

Tickets known to have been purchased from speculators at exorbitant prices will be checked against those lists. It is known that some of the tickets were among a consignment sold to Dan Carroll, who manages Maloney's fist fortunes.

C. W. Lardy, chief field officer under Charles W. Anderson, collector of internal revenue for the third district, entered the picture by interest in a collection of "brokerage tax."

A state law provides that no ticket can be sold at more than 50 cents over the box-office price but the government law provides that Uncle Sam shall receive half of any amount in excess of the face value. Thus if a scalper charges \$100 for a \$22.50 ticket, the government is entitled to \$38.75.

Lardy believes most of the tickets in hands of speculators came through three different sources—Dan Carroll, Pete Reilly, manager of Delaney and from employees of the Athletic commission itself.

"I have not counted the total number contributed through these three

"GO WEST, YOUNG MAN"

H. L. Thorson and A. W. Skaurud went West. They took their "opportunity" right with them—practical business training secured at Dakota Business College, Fargo. Skaurud found himself with the Oregon-Washington Navigation Co., Portland, Ore. Thorson secured a fine position with the Illinois Pipe Line Co., Ilco, Wyoming.

Watch each week. See results of D. B. C. ACTUAL BUSINESS training (copyrighted—unobtainable elsewhere.) "Follow the Successful." Spring term, Mar. 1-7. Graduated at busiest season. Write F. L. Watkins, Pres., 806 Front St., Fargo.

THE TIRED BUSINESS MAN

Tired Brain
Tired Nerves
Tired Body

Is it any wonder that digestive organs fail and the heart's action weakens under such strain?

Modern business is carried on at tremendous expense to the nervous system.

So great are the worries and anxieties of business and professional life that the end of the day finds the brain, the nerves, the body, tired and limp.

If you could only rest and sleep there would be some chance of replenishing by night the nerve force which is exhausted by day.

But with the nerves on edge you are restless and irritable. You cannot sit still and relax. You must have excitement until finally worn out, a nervous breakdown brings calamity.

There is a way out of this circle of nervous exhaustion. It lies by the use of DR. A. W. CHASE TONIC PILLS.

By using DR. A. W. CHASE TONIC PILLS you will soon find yourself sleeping and resting better, digestion will improve and you will forget the tired feeling in your enthusiasm for new health and happiness.

Write for a copy of the Dr. A. W. Chase Booklet. It is free on request.

Price 60c per box

Dr. A. W. Chase Tonic Pills are for sale at all drug stores or you may order direct from

channels," Lardy said, "but estimate it at around 5,000."

The Garden will seat only 22,000 fight-mad fans and therein lies the difficulty, since at least 50,000 spectators would be willing to attend the fight at prices in advance of those permitted by the Athletic commission.

It was reported that a representative of the commission purchased some tickets yesterday from speculators and found later that they were in the section that had been given to Carroll.

Carroll denied he had given any of his tickets to scalpers. "They were all purchased for friends in Boston and turned over to them," Carroll said.

Reilly also insisted he had purchased the tickets for friends of Delaney's and that he had distributed them in Bridgeport.

AITKIN HIGH MEETS LOCALS AT GYMNASIUM

BLUE AND WHITE NOSED OUT 14 TO 9 VICTORY EARLIER IN SEASON

FIGHT TO FINISH PROMISED ALL FANS IN THIS EVENING'S GAME

Tonight will see the second last home game of the season played on the local court when Aitkin meets Brainerd in a return tilt. The Blue and White nosed out a slim 14-9 victory earlier in the season and a win for either quint tonight will be a most important factor in their conference standing. A fight to the finish is promised all fans this evening.

Aitkin has the honor of being the only team that has been able to defeat the seemingly impenetrable Crosby-Ironton aggregation but who besides losing to the locals have also suffered defeat at the hands of Wadena and a return match with the C.-I. high school.

The closing of the basketball season will witness the passing of Lowe and DeRocher, guards; Captain Fitzharris and Orth, forwards. All of them have been identified with high school sports since their Freshman year and will leave only Wise, forward, as an experienced man for next

year's team. They brought the first basketball championship to B. H. S. and have always been a more or less colorful group in athletic circles.

A preliminary game beginning at 7:30 will be between the Harrison school and Mixed grades. This marks the first appearance this season of the Harrison school which has developed many B. H. S. stars and a fast game is looked for.

Walter Hautala, center, and Wene Barnes, guard will be out of reserve line-up this evening, the former because of a rheumatic arm and the latter because of an injury.

Other important games this evening will be Little Falls at Crosby, Staples at Motley, St. Cloud at Fargo.

SPORT TABLOIDS

Women's Golf Finals

Palm Beach, Fla.—Finals of the Florida women's golf championship today will be played by Mrs. H. Austin Pardue of Chicago and Miss Beatrice Gottlieb of New York. Mrs. Pardue, who is the former Miss Dorothy Klotz, won her right into the tournament by defeating Miss Virginia Vanwie of Chicago 5 and 3. The young Chicago golfer was decidedly off her game in the match.

Miss Hollis to Meet Mrs. Mida

Del Monte, Calif.—Miss Marion Hollis, New York, meets Mrs. Lee Mida, Chicago, today in semi-finals of the annual Pebble Beach women's golf championship tournament. If Miss Hollis wins both today and tomorrow it will be the fifth consecutive year she has carried off the tournament laurels.

Jim Bottomley Gets Raise

St. Louis, Mo.—Jim Bottomley, first baseman on the world champion St. Louis Cardinals, today announced he had accepted a 1927 contract and would report at training camp this spring. He said he had been promised an increase over the salary he earned last year.

LUTHERANS WIN OVER METHODIST JUNIORS, 11 TO 5

SMITH AND HALVORSON LEAD SCORING FOR WINNERS, SCORE ALL POINTS

WHITE PLAYS WELL FOR THE LOSERS, DROPS IN TWO FIELD GOALS

No Games Tonight in S. S. League

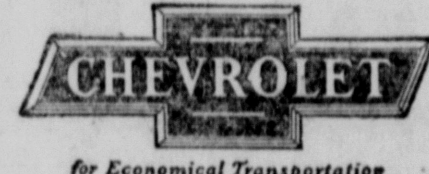

The Lutheran Juniors, resplendent in their maroon basketball jerseys, celebrated last night with a victory over the Methodist youngsters to the tune of 11 to 5, placing themselves in a tie with the Presbyterians for second place in the younger league.

All points of the winning team were made by Billy Smith and Jerry Halvorson. Smith put two baskets through the hoop, while Halvorson caged three, plus one field goal.

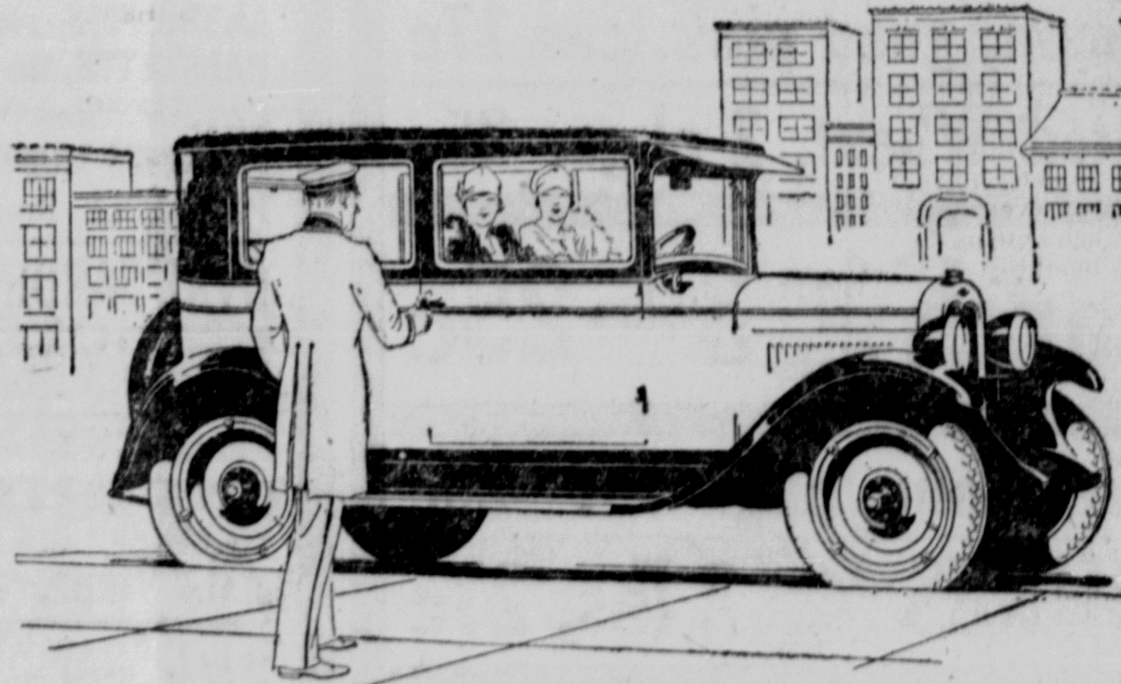

For the losers, White was the outstanding star, dropping in two field goals, while Brown added the other point on a free throw.

"WISE MONEY" IS PLACED ON MALONEY

BOSTON BRUISER MEETS DELANEY AT N. Y. TONIGHT

BETTING ODDS IN FINANCIAL DISTRICT 7 TO 5 THAT DELANEY WINS

TWO FIGHTERS TO BE WEIGHED IN AT OFFICE OF BOXING COMMISSION

By HENRY L. FARRELL

(United Press Staff Correspondent)
New York, Feb. 18.—On a September afternoon last fall in Philadelphia, when the crowds were starting for the Sesqui stadium, a tip passed out in the hotel lobbies, on the street corners and in the cigar stores:

"Look out! The wise money is all being dumped on Tunney."
And then Gene Tunney upset all form by giving Jack Dempsey the worst beating he had ever suffered, those who had heard the whispering tip were assured that the "wise money" had wisdom behind it and that something was wrong in that water-drenched ring.

Broadway has been disturbed for two days now with the report that the "wise money" is being laid on Jim Maloney, the Boston heavyweight, to win from Jack Delaney, world light heavyweight champion, when they meet tonight for ten rounds or less in Tex Rickard's Garden.

Before every big fight, the same rumors are heard about the activities of the "wise money."

There are the stories of "big operators," of wise men who were alleged to have had a hand in the fixing of the 1919 world series, bookmakers from the track and other "sure-things" fellows who were hocking the jewels and plastering mortgages on the old home to bet that Maloney will win.

But the figures released by betting commissioners do not justify any belief that Maloney has more than an even chance to win. And so far as any funny business is concerned, a sensible observer knows that there is too much at stake for the winner to make it worth while for any arrangement.

The betting odds quoted today in the financial district were seven to five that Delaney wins. More than \$300,000 was reported to have been placed at those odds by one firm and considering that there are several firms placing money, it seems fair to estimate that close to \$1,000,000 will be at stake on the fight.

Money was offered here today at four to one that Delaney is not knocked out and two to one that Maloney is not knocked out. The betting commissioners, who are familiar with the market, predicted that by ring time Delaney might be a nine to five favorite or a two to one.

Money always talks and the figures do not show that the "wise money" is of any influence on the market.

The two fighters were due in New York from their training camps today to await the two o'clock hour for weighing in at the office of the boxing commission.

They were held in strict incommunicado and their handlers were forced to assume the duties of coppers on riot duty to keep away the crowds of curious and those who thought that the fighters might have an extra ticket that be purchased for less than a century note.

The ticket situation was the worst that Tex Rickard ever has faced. He could have filled the Yankee stadium with the card but there are only 22,000 seats in his Garden and at least 50,000 fans want to see the fight.

Speculators were asking \$150 a pair for ringside seats and the cheaper seats were scaled in the same proportion.

New York, Feb. 18. — (UP)—Sleeping in a hotel here overnight after leaving his training camp at Long Branch, N. J., Jim Maloney faced the following program, as outlined by his manager, upon awakening today:

"He gets up; he walks; he has breakfast; he walks again; he weighs in; he takes another sleep—and then he walks over to Madison Square Garden and knocks out Delaney."

Bridgeport, Conn., Feb. 18. — (UP)—A rousing send-off from the citizenry of Bridgeport will mark Jack Delaney's departure for New York today.

Delaney will make his headquarters in the home of his manager, Pete Reilly, after arriving in New York.

"I hope to end the battle before it has gone half the scheduled number of rounds," was the light heavyweight champion's optimistic view of the fuss with Jim Maloney.

New York, Feb. 18.—Jim Maloney of Boston, Mass., tonight will enter the ring against Jack Delaney of Bridgeport, Conn., world light heavy-

LOCAL GAMES NEAR CLOSE

weight champion, with a 31½ pound weight advantage.
Their weights at the offices of the state athletic commission this afternoon were announced as follows: Maloney, 203½ pounds. Delaney, 172 pounds.

TROPHY CUPS FOR S. S. LEAGUE NOW BEING DISPLAYED

PETERSON CLOTHING CO. PRESENTS CUP FOR JUNIOR WINNERS

INTERMEDIATES VIE FOR J. C. PENNEY CO. SILVER TROPHY

The silver trophy cups being fought for by the Junior and Intermediate divisions of the Sunday school basketball league arrived yesterday, and were today placed in the windows of their donors for display.

The Peterson Clothing Co. is offering a cup engraved "Junior S. S. Champions, 1927," to the winners in the younger circuit. The cup is a Marie Antoinette model of hammered silver, with ebonized base. This cup is on display at the store windows in the new Elks building.

The J. C. Penney Co. has purchased a Utopian silver cup with base, engraved "Intermediate S. S. Champions, 1927," and has put it on display in their windows at Seventh and Laurel.

The basketball schedules of these two divisions continue through three weeks. A fifth team, the Episcopalian, is being added to the Junior league, and will make competition more keen in that division.

The games of the Sunday school league are being played at the Y. M. C. A. on Mondays, Tuesdays, Wednesdays and Thursdays of each week, starting at 7 o'clock each evening. Admission is free to anyone wishing to attend.

DICK MARSHALL GAINS PROMINENCE IN BASKETBALL

LOCAL BOY HOLDS DOWN CENTER POSITION ON MACALESTER COLLEGE QUINT

PLAYED FORWARD ON THE BRAINERD HIGH SCHOOL CHAMPIONSHIP TEAM

Dick Marshall, Brainerd boy, student at Macalester college is making a name for himself on the first team of the college represented in the State College Basketball League.

During the last couple games, Marshall who holds down steady the center position has secured 23 points. In the game Wednesday night against St. Thomas, Marshall scored five field goals and one foul throw, a total of 11 points. He is gradually rising among the highest scorers in the state league.

Marshall last year was a forward on the B. H. S. district championship team. His parents reside in Northeast Brainerd.

TICKET SCALPING SITUATION LOOMS LARGE IN FIGHT

TWO SEPARATE INVESTIGATIONS NOW BEING MADE IN NEW YORK CITY

STATE ATHLETIC COMMISSION, AGENTS OF FEDERAL INTERNAL REVENUE DEPT.

New York, Feb. 18. — (UP)—The ticket scalping situation in connection with tonight's heavyweight fight between Jack Delaney and Jim Maloney today had assumed proportions unequalled in the history of local indoor boxing.

Two separate investigations—one by the state athletic commission and another by agents of the federal internal revenue department—were being made and speculators continued to charge and obtain as high as \$100 for a \$22.50 seat.

Al Loose, secretary to Tex Rickard, the Madison Square Garden promoter staging the fight, has been summoned to appear at the state commission's office at 10:30 a. m. He must produce an itemized account of the location of all seats in the blocks turned over to the managers of both Delaney and Maloney, also the IOU's given by the latter in payment.

Tickets known to have been purchased from speculators at exorbitant prices will be checked against those lists. It is known that some of the tickets were among a consignment sold to Dan Carroll, who manages Maloney's fist fortunes.

Cr. W. Lary, chief field officer under Charles W. Anderson, collector of internal revenue for the third district, entered the picture by interest in a collection of "brokerage tax."

A state law provides that no ticket can be sold at more than 50 cents over the box-office price but the government law provides that Uncle Sam shall receive half of any amount in excess of the face value. Thus if a scalper charges \$100 for a \$22.50 ticket, the government is entitled to \$38.75.

Lary believes most of the tickets in hands of speculators came through three different sources—Carroll, Pete Reilly, manager of Delaney and from employees of the Athletic commission itself.

"I have not counted the total number contributed through these three

"GO WEST, YOUNG MAN"

H. L. Thorson and A. W. Skaurud went West. They took their "opportunity" right with them—practical business training secured at Dakota Business College, Fargo. Skaurud found himself with the Oregon-Washington Navigation Co., Portland, Oreg. Thorson secured a fine position with the Illinois Pipe Line Co., Ilco, Wyoming.

Watch each week. See results of D. B. C. ACTUAL BUSINESS training (copyrighted—unobtainable elsewhere.) "Follow the Successful." Spring term, Mar. 1-7. Graduate at busiest season. Write F. L. Watkins, Pres., 806 Front St., Fargo.

THE TIRED BUSINESS MAN

Tired Brain
Tired Nerves
Tired Body

Is it any wonder that digestive organs fail and the heart's action weakens under such strain?

Modern business is carried on at tremendous expense to the nervous system.

So great are the worries and anxieties of business and professional life that the end of the day finds the brain, the nerves, the body, tired and limp. If you could only rest and sleep there would be some chance of replenishing by night the nerve force which is exhausted by day.

But with the nerves on edge you are restless and irritable. You cannot sit still and relax. You must have excitement until finally worn out, a nervous breakdown brings calamity. There is a way out of this circle of nervous exhaustion.

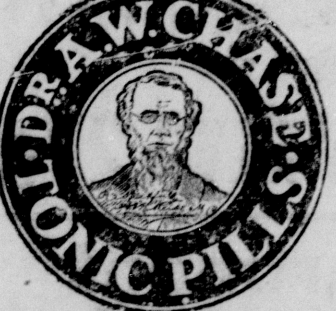

It is by the use of DR. A. W. CHASE TONIC PILLS. By using DR. A. W. CHASE TONIC PILLS you will soon find yourself sleeping and resting better, digestion will improve and you will forget the tired feeling in your enthusiasm for new health and happiness.

Write for a copy of the Dr. A. W. Chase Booklet. It is free on request.

Price 60c per box

Dr. A. W. Chase Tonic Pills are for sale at all drug stores or you may order direct from

The Dr. A. W. Chase Company, Inc.
3rd Street and Van Alst Avenue,
Long Island City, N. Y.

channels," Lary said, "but estimate it at around 5,000."

The Garden will seat only 22,000 fight-mad fans and therein lies the difficulty, since at least 50,000 spectators would be willing to attend the fight at prices in advance of those permitted by the Athletic commission.

It was reported that a representative of the commission purchased some tickets yesterday from speculators and found later that they were in the section that had been given to Carroll.

Carroll denied he had given any of his tickets to scalpers. "They were all purchased for friends in Boston and turned over to them," Carroll said.

Reilly also insisted he had purchased the tickets for friends of Delaney's and that he had distributed them in Bridgeport.

DIAZ REGIME MASSES TROOPS AT MATAGALPA

IN EXPECTATION THAT DECISIVE
BATTLE WILL BE
FOUGHT

CONSERVATIVES BELIEVED TO
BE INVITING THE
ATTACK

Managua, Nicaragua, Feb. 18.—(UP)—The Diaz conservative government was concentrating its troops at Matagalpa today in the expectation that a decisive battle would be fought with the liberal revolutionists at Matagalpa, 18 miles from Matagalpa.

The conservatives were believed to be inviting attack, hoping to end the revolution.

Foreigners in Matagalpa have asked for protection of American marines, believing the city would meet the same fate as Chinandega in the event it was attacked. Chinandega was partly burned and hundreds were killed and wounded in the recent fighting there.

DOG SAVED FROM WEEK IN A CAVE, DIES OF PNEUMONIA

Woodruff, S. C., Feb. 18.—(UP)—While the entire community celebrated his rescue from the limestone cave that held him prisoner almost a week, "Ring", Vandy Kelly's fox hound, died today of pneumonia.

The dog was trapped by a falling boulder after he had chased a fox into its cave. Kelly set to work immediately trying to free the dog and soon his neighbors dropped their work to join him.

When the dog was finally liberated this week, some 2,000 persons were gathered around the cave. The boulder was finally penetrated with dynamite and drills and "Ring" jumped from his prison, apparently in good spirits.

The dog developed a cough, however, and pneumonia set in. His weakened vitality could not resist the disease and he died at his master's home.

12 YEAR OLD WHO SLEW OLD MAN, IN COURT

Jamaica, N. Y., Feb. 18.—(UP)—Michael Ponkrasow, 12 years old and badly frightened, appeared in children's court this morning to face a charge of juvenile delinquency. Last Monday night, playing the role of bandit, he shot and killed Marcus Gold, Richmond Hill storekeeper.

The trial was postponed a week pending examination into Michael's mental condition and family history.

While in the courtroom the boy averted his eyes from his parents who did not speak to him.

THREW CARDS AT HER FACE; SHE GETS DIVORCE

Pittsburgh, Pa., Feb. 18.—(UP)—Because he threw cards at her face, Mrs. Fannie Solomon today secured a divorce from Joseph Solomon. They were married in 1907.

Mrs. Solomon testified that during a card game at their home she told her husband "You are not playing well tonight" whereupon he tossed the cards at her.

LEAGUE OF NATIONS DISARMAMENT SUB-COMMISSION

London, Feb. 18.—(UP)—The League of Nations disarmament sub-commission which met here to devise procedure to be followed by the league council in the event of a threat of war within its jurisdiction, has adjourned to report to the council next month. The sub-commission's recommendations will not be made public until after the report has been made.

PACIFIC OCEAN BELIES ITS NAME, CONTINUES STORMY

(Continued from page 1)
over Camp 72 of the Southern California Edison Co., killing 13 persons. All of the 22 patients in the hospital are suffering from pneumonia, contracted following their exposure while imprisoned in the snow.

Coroner J. H. Kennedy, after a few hours in Fresno, returned to Big Creek today to conduct "a week of inquests" when bodies of eight of the dead workmen still buried in the snow are recovered.

Possibility of death claiming at least some of the hospital inmates is strong, the coroner said. The pneumonia combined with injuries they sustained in the snow slide has made their condition critical, he reported.

3 BARGES ADRIFT PICKED UP AT SEA

Cape May, N. J., Feb. 18.—Three barges, adrift with probably 20 men, women and children aboard, have been picked up at sea and were being towed to shore, brief radio messages to coast guard station No. 3 reported today.

The barges, being towed by the tug Ballenas, broke loose in a dense fog at 9:30 last night near the Five Fathom lightship, ten miles at sea, southeast of Cape May.

They have no motive power and were helpless in a fairly heavy sea.

By WILLIAM R. KUHN
(United Press Staff Correspondent)

Manila, P. I., Feb. 18.—Thirty-seven men have perished and the freighter Elkton with her million dollar cargo has gone to the bottom between the Philippines and Guam, in the belief of insurance companies which today abandoned hope of finding the vessel.

No trace of lifeboats or wreckage has been found, though four navy destroyers and the steamship Liberator have cruised over a zigzag course in search of the Elkton.

Some who had friends among the

crew and others interested in the vessel or cargo for other reasons still see grounds for hope, but messages from the Liberator which arrived at Guam, are not encouraging.

When the Liberator reported finding oil on the water near the course the Elkton was taking when she last signalled distress, the destroyers Stewart, Sicard, Preston and Paul Jones were ordered to join the search. They were prepared for a hard battle with the storm which is still raging, and will continue the search until ordered to cease.

Commanders of the destroyers reported the storm was one of the worst in years and that it compelled the Liberator to proceed to Guam to prevent damage to herself.

For thirty-six hours after the Elkton signalled distress other vessels in the Pacific and land stations in the islands tried frantically to communicate with her but without success. Commanders of the vessels in the area believe the Elkton foundered suddenly after sending out her last call.

While the storm continues to menace shipping between Manila and Guam, messages are being broadcast asking all ships to watch for evidence of the Elkton.

The Elkton was a United States shipping board vessel engaged principally in the sugar traffic between the Orient and America.

ROMANCE ENDS CHICAGO COURT CASE

Chicago, Feb. 18.—(UP)—Romance ended a court battle here yesterday after the plaintiff in a kidnapping case had married the defendant, and charges brought by Frank Koellner, contractor, against Miss Lillian Hochstrasser, his former housekeeper, were automatically withdrawn.

Koellner married Miss Hochstrasser in the court of domestic relations. Miss Hochstrasser returned to Chicago with Brunhilda Koellner, the contractor's daughter, a fortnight ago.

after a country-wide search has been instituted for the 11-year-old girl. Miss Hochstrasser said she had taken the girl to Denver at her own request, and that she returned with the child as soon as she found that the father had charged kidnapping.

DIAZ REGIME MASSES TROOPS AT MATAGALPA

IN EXPECTATION THAT DECISIVE
BATTLE WILL BE
FOUGHT

CONSERVATIVES BELIEVED TO
BE INVITING THE
ATTACK

Managua, Nicaragua, Feb. 18.—(UP)—The Diaz conservative government was concentrating its troops at Matagalpa today in the expectation that a decisive battle would be fought with the liberal revolutionists at Matagalpa, 18 miles from Matagalpa.

The conservatives were believed to be inviting attack, hoping to end the revolution.

Foreigners in Matagalpa have asked for protection of American marines, believing the city would meet the same fate as Chinandega in the event it was attacked. Chinandega was partly burned and hundreds were killed and wounded in the recent fighting there.

DOG SAVED FROM WEEK IN A CAVE, DIES OF PNEUMONIA

Woodruff, S. C., Feb. 18.—(UP)—While the entire community celebrated his rescue from the limestone cave that held him prisoner almost a week, "Ring", Vandy Kelly's fox hound, died today of pneumonia.

The dog was trapped by a falling boulder after he had chased a fox into its cave. Kelly set to work immediately trying to free the dog and soon his neighbors dropped their work to join him.

When the dog was finally liberated this week, some 2,000 persons were gathered around the cave. The boulder was finally penetrated with dynamite and drills and "Ring" jumped from his prison, apparently in good spirits.

The dog developed a cough, however, and pneumonia set in. His weakened vitality could not resist the disease and he died at his master's home.

12 YEAR OLD WHO SLEW OLD MAN, IN COURT

Jamaica, N. Y., Feb. 18.—(UP)—Michael Ponkrasow, 12 years old and badly frightened, appeared in children's court this morning to face a charge of juvenile delinquency. Last Monday night, playing the role of bandit, he shot and killed Marcus Gold, Richmond Hill storekeeper.

The trial was postponed a week pending examination into Michael's mental condition and family history.

While in the courtroom the boy averted his eyes from his parents who did not speak to him.

THREW CARDS AT HER FACE; SHE GETS DIVORCE

Pittsburgh, Pa., Feb. 18.—(UP)—Because he threw cards at her face, Mrs. Fannie Solomon today secured a divorce from Joseph Solomon. They were married in 1907.

Mrs. Solomon testified that during a card game at their home she told her husband "You are not playing well tonight" whereupon he tossed the cards at her.

LEAGUE OF NATIONS DISARMAMENT SUB-COMMISSION

London, Feb. 18.—(UP)—The League of Nations disarmament sub-commission which met here to devise procedure to be followed by the league council in the event of a threat of war within its jurisdiction, has adjourned to report to the council next month. The sub-commission's recommendations will not be made public until after the report has been made.

PACIFIC OCEAN BELIES ITS NAME, CONTINUES STORMY

(Continued from page 1)
over Camp 72 of the Southern California Edison Co., killing 13 persons. All of the 22 patients in the hospital are suffering from pneumonia, contracted following their exposure while imprisoned in the snow.

Coroner J. H. Kennedy, after a few hours in Fresno, returned to Big Creek today to conduct "a week of inquests" when bodies of eight of the dead workmen still buried in the snow are recovered.

3 BARGES ADRIFT PICKED UP AT SEA

Cape May, N. J., Feb. 18.—Three barges, adrift with probably 20 men, women and children aboard, have been picked up at sea and were being towed to shore, brief radio messages to coast guard station No. 3 reported today.

The barges, being towed by the tug Ballenas, broke loose in a dense fog at 94 last night near the Five Fathom Lightship, ten miles at sea, southeast of Cape May.

They have no motive power and were helpless in a fairly heavy sea.

By WILLIAM R. KUHN
(United Press Staff Correspondent)
Manila, P. I., Feb. 18.—Thirty-seven men have perished and the freighter Elkton with her million dollar cargo has gone to the bottom between the Philippines and Guam, in the belief of insurance companies which today abandoned hope of finding the vessel.

No trace of lifeboats or wreckage has been found, though four navy destroyers and the steamship Liberator have cruised over a zigzag course in search of the Elkton.

Some who had friends among the

crew and others interested in the vessel or cargo for other reasons still seek grounds for hope, but messages from the Liberator which arrived at Guam, are not encouraging.

When the Liberator reported finding oil on the water near the course the Elkton was taking when she last signalled distress, the destroyers Stewart, Sicard, Preston and Paul Jones were ordered to join the search. They were prepared for a hard battle with the storm which is still raging, and will continue the search until ordered to cease.

Commanders of the destroyers reported the storm was one of the worst in years and that it compelled the Liberator to proceed to Guam to prevent damage to herself.

For thirty-six hours after the Elkton signalled distress other vessels in the Pacific and land stations in the islands tried frantically to communicate with her but without success. Commanders of the vessels in the area believe the Elkton foundered suddenly after sending out her last call.

While the storm continues to menace shipping between Manila and Guam, messages are being broadcast asking all ships to watch for evidence of the Elkton.

The Elkton was a United States shipping board vessel engaged principally in the sugar traffic between the Orient and America.

ROMANCE ENDS CHICAGO COURT CASE

Chicago, Feb. 18.—(UP)—Romance ended a court battle here yesterday after the plaintiff in a kidnaping case had married the defendant, and charges brought by Frank Koellner, contractor, against Miss Lillian Hochstrasser, his former housekeeper, were automatically withdrawn.

Koellner married Miss Hochstrasser in the court of domestic relations. Miss Hochstrasser returned to Chicago with Brunhilda Koellner, the contractor's daughter, a fortnight ago.

after a country-wide search has been instituted for the 11-year-old girl.

Miss Hochstrasser said she had taken the girl to Denver at her own request, and that she returned with the child as soon as she found that the father had charged kidnaping.

LIQUOR RAIDS RESULT IN ARREST OF FOUR

Fully Equipped Still for Manufacture
Seized in J. J. Courtney's Home

WILLMAR A. BEHME ARRESTED
Gilbert Nelson and Anthanes Houle
Charged With Sale and Possession

Four arrests followed yesterday afternoon's raids by Indian Agents E. G. Boyd and George Rardin in their attempt at cleanup of illicit liquor dealings throughout the county.

J. J. Courtney was arrested at his house in Barrows where the agents allege they seized a large copper still, 10 gallons of moonshine whiskey, a considerable quantity of mash and 50 quarts of beer. He was held in the county jail and appeared before U. S. Commissioner A. D. Polk this morning charged with manufacture. Waiving hearing, Courtney was bound over to the Duluth term of the Federal Court on \$1,000 bail.

Willmar A. Behme was arrested at his home in the village of Barrows where agents seized one gallon of moonshine. He is held in the county jail here.

Gilbert Nelson was arrested at Fort Ripley, and placed in the county jail here. He will face a charge of sale and possession of intoxicating liquor.

Anthanes Houle was arrested at Topeka and locked in the county jail. He will also be charged with sale and possession of liquor.

INITIATE LARGE CLASS

Mrs. Edith A. Dick, District Deputy,
Present W. B. A. Meeting

The Women's Benefit association held its regular meeting last night at the I. O. O. F. hall with Miss Lulu Volkman, state commander in charge, assisted by Mrs. Edith A. Dick, district deputy.

A large class was initiated due to the work of Mrs. Frank W. Titus, deputy, after which the officers were installed.

This organization in the past year held the largest net gain of the state. A social hour followed the meeting after which a delicious luncheon was served.

SEEK TEMPORARY SOLUTION OF FRENCH WAR DEBT OWING U. S.

Paris, Feb. 18.—(UP)—The French government today was reported to have initiated discussion with the United States looking toward a temporary solution of the problem of the French war debt.

GIRL STEPS IN PATH OF TRAIN; INSTANTLY KILLED

Johnson City, Tenn., Feb. 18.—(UP)—Mary McKie, 17, Tom's Creek, Va., pretty department store clerk, was instantly killed here today when she stepped into the path of a passenger train, apparently with deliberate suicidal intent. Many persons on their way to work saw the girl killed. The crossing where she was struck is in the heart of the downtown district.

CALLING ENGLAND BY TELEPHONE

Service From Brainerd Inaugurated
February 19

\$81 FOR THREE MINUTES

After First Three Minutes, \$27
Charge for Each Additional Minute

The people of Brainerd will be able to talk by telephone to all points in England, Scotland and Wales beginning Saturday, February 19, according to H. D. Hoffmann, manager of the Northwestern Bell Telephone Company here.

The use of transatlantic telephony will be extended that day to include the five states of the Northwestern Bell company's territory—Iowa, Minnesota, Nebraska, North and South Dakota.

The charge of this service will be \$81 for the first three minutes and \$27 for each additional minute thereafter.

If a particular person is called for and his telephone is reached but he himself is not available, there will be a report charge of \$10. For the present, the time of each conversation will be limited to 12 minutes and the service will be available from 7:30 a. m. until noon which corresponds to 1:30 p. m. and 3 p. m. London time. Twenty-four hour notice in advance to the telephone company is advisable in filing calls because of the limited transatlantic facilities at this time.

The service will be opened to the Northwestern Bell Company's territory Saturday morning at 7:30 by President W. B. T. Belt of that company speaking from Omaha to Col. Herbert E. Shreeve in London. Col. Shreeve for many years has been connected with the Bell System and is well known in this territory. He was in Paris in 1915 when the first radio telephone message was transmitted by the Bell System across the Atlantic Ocean. Since that year he has spent a great deal of time in Europe helping perfect plans for commercial telephone service between the two continents.

When the service between the Northwestern Bell Company's territory and Great Britain is opened Saturday, President Belt will talk from his desk telephone in Omaha and will place the call in the same manner that he would if calling from there to Brainerd.

As soon as Mr. Belt has concluded his conversation with Col. Shreeve, transatlantic telephony will be opened to receive calls from any telephone in the five states of the Northwestern Company.

Calls made from this territory will go over the telephone wires from here to Rocky Point, Long Island, New York, thence by radio to the receiving station at Wroughton, England, and from there by telephone wire to all points in England, Scotland and Wales. The answer will come west from the transmitting station at Rugby, England, to the receiving station at Houlton, Maine, by radio, thence to Brainerd by telephone wire. The radio transmissions both east and west bound are on the same wave length, of approximately

5,000 meters or 60 kilocycles. In addition, experiments are being made with a 22-meter wave length. The longer the wave length, however, from many years of experimentation seems to be the most satisfactory and reliable.

Among the problems that had to be overcome in establishing the transatlantic radio telephone service between this territory and Europe have been the interference of static with radio service across the ocean and the difference of six hours in time. For example, when it is noon in Brainerd, it is 6 p. m. in London. Static on the transatlantic radio still is a problem, telephone people say, but it has been overcome to the extent that they have felt warranted in establishing commercial service from here to Great Britain.

W. B. NORTON HAS RETIRED

Equipment Inspector of N. P. Served
His Road 47 Years

STARTED AT BRAINERD

Banked Out of This Territory First
Early in 1879

After 47 years in the service of the Northern Pacific railway, W. B. Norton, 918 15th Avenue, North, Seattle has retired. Throughout this period Mr. Norton was associated actively with pioneer transportation efforts in the Northwest.

When he began working for the Northern Pacific in 1879, that line's western terminus was on the territorial boundary between Dakota and Montana. He started as a brakeman at Brainerd, Minn., soon was transferred to the mechanical department and in May 1891 was promoted to engineer, taking engine No. 2 to the "front," the western end of the line which was then under construction.

Later Mr. Norton was returned to the Yellowstone division where he operated locomotives until 1895, when he was promoted to road foreman of engines with jurisdiction over all lines west of Missoula.

In 1899 he was assigned as round-house foreman at Tacoma, and later sent to Seattle as master mechanic, serving in that capacity until January 1, 1911. Subsequently Mr. Norton was appointed equipment inspector for all lines west of Paradise, Mont. He occupied this position when he retired recently.

Mr. Norton relates many interesting experiences of the pioneer days in the Northwest. Glendive, Mont., he said yesterday, had a population of only 1,500 people when he arrived there in 1881. There were no houses, just tents and cabins. He operated the first passenger train into Billings, when that city was only a group of tents.

MILK SLEIGH OVERTURNS

Driver of Brainerd Pure Milk Co.
Sleigh Escapes Unhurt

One of the sleighs of the Brainerd Pure Milk Co., with Adolph Gaboury, driver, inside, turned over this morning on Oak street between 9th and 10th streets.

The driver escaped unhurt. Several bottles of milk were broken. It was reported by the office of the company. The upset was blamed to the high bank of snow at the side of the road.

CONFERENCE FOR THE BETTER CHILD

Northwest Conference on Child
Health and Parent Education
at Minneapolis

MARCH 8, 9, 10

50 Organizations Sponsor Meet;
County Nurse and Others
May Attend

The Northwest Conference on "Child Health and Parent Education" for the benefit of the better child will be held in Minneapolis March 8, 9 and 10 with delegates of Parent Teachers Associations, nurses, and others interested throughout the State in attendance.

Close to 2,000 are expected to attend. Miss Thora Ingebritson, county nurse plans to attend.

Among the principal speakers will be Dr. MacCracken, president of the Vassar College, Dr. Blanton who will lecture on "Child Guidance" and Dr. Richards.

The following topics are listed on the program: "The Development of the Child," "The Child at Home," "The Child in the Community" and "The School Child."

The Curtis hotel will be the social headquarters of the conference while lectures and business will take place in the Lyceum theatre.

Approximately 50 organizations throughout the state are sponsoring the conference.

FOUR FIRES IN CITY THIS A. M.

Largest Fire at 323 19th Street;
\$500 Damage Reported

FIRE DEPARTMENT BUSY

Answered Two Alarms Within 20
Minutes Starting at 8 A. M.

Four fires resulting in over \$600 damages broke out in the city this morning, the largest fire being at 11:30 o'clock at the home of A. Weaver, 323 19th street where \$500 damage was reported.

The fire in the Weaver residence broke out in the roof from sparks from the chimney. The blaze gained headway but was checked shortly after the arrival of the fire department.

The first fire broke out at 8 a. m. in the basement of the home of Victor Carlson, 714 South 10th street. The fire started in a pile of burlap. Slight damage was reported.

Twenty minutes later the fire department was called out to a fire in the home of George Fox, 420 D street N. E. The fire started around the stovepipe on the first floor and swept through to the attic. Considerable damage was reported.

At 9:25 o'clock the department

Lovely New Neckwear

This week we received some of the very newest styles of lovely neckwear, styles which add so much to one's little dress, whether you be making a new one or need something to freshen up one for the rest of the season.

You are sure to find something which should be just right for your purpose.

Jabots

Vestees

Collar and Cuff Sets

Narrow Ties

Broad Ties

Plain or Fancy Colors

Then there are lots of pretty laces which can be used to make collars for some dresses which need something individual and many of these would be just the thing for this purpose.

NASH

Leads the World in Motor Car Value

Beauty and Luxury without an Equal in the whole \$1000 Field

By long odds the most distinguished motor car ever introduced into the \$1000 field, this Nash De Luxe Light Six is also the most remarkable performer.

Along with its notable beauty and classic body craftsmanship it has the vital superiority of a 7-bearing crankshaft motor—the ultra-modern type.

That gives you a superlative advantage over the standard 3 or 4-bearing motor in the way of matchless quietness and phenomenal smoothness thruout the full range of speed and power.

Colorfully finished in exquisite blue lacquer, with the lighter body shade contrasting smartly with the darker tone of upper body and fenders, and enhanced with a wealth of refinements and ap-

pointments it stands out as a motor car value clearly above and beyond comparison.

The attractiveness of the interior is enriched with a walnut finished instrument board and window ledges, and choice upholstery of genuine Chase Velmo Mohair Velvet.

Headlamps as well as cowl lamps are executed in the bullet design. The steering wheel is of real Circassian walnut.

There are bumpers in front and bumpers at the rear, and a motometer surmounts the winged radiator cap. 4-wheel brakes and 5 disc wheels are also included as standard equipment within the price.

Gilbert Nelson and Anthes Houle
Charged With Sale and Possession

Four arrests followed yesterday afternoon's raids by Indian Agents E. G. Boyd and George Rardin in their attempt at cleanup of illicit liquor dealings throughout the county.

J. J. Courtney was arrested at his house in Barrows where the agents allege they seized a large copper still, 10 gallons of moonshine whiskey, a considerable quantity of mash and 50 quarts of beer. He was held in the county jail and appeared before U. S. Commissioner A. D. Polk this morning charged with manufacture. Waiving hearing, Courtney was bound over to the Duluth term of the Federal Court on \$1,000 bail.

Willmar A. Behme was arrested at his home in the village of Barrows where agents seized one gallon of moonshine. He is held in the county jail here.

Gilbert Nelson was arrested at Fort Ripley, and placed in the county jail here. He will face a charge of sale and possession of intoxicating liquor.

Anthes Houle was arrested at Topeka and locked in the county jail. He will also be charged with sale and possession of liquor.

INITIATE LARGE CLASS

Mrs. Edith A. Dick, District Deputy, Present W. B. A. Meeting

The Women's Benefit association held its regular meeting last night at the I. O. O. F. hall with Miss Lulu Volkman, state commander in charge, assisted by Mrs. Edith A. Dick, district deputy.

A large class was initiated due to the work of Mrs. Frank W. Titus, deputy, after which the officers were installed.

This organization in the past year held the largest net gain of the state. A social hour followed the meeting after which a delicious luncheon was served.

SEEK TEMPORARY SOLUTION OF FRENCH WAR DEBT OWING U. S.

Paris, Feb. 18.—(UP)—The French government today was reported to have initiated discussion with the United States looking toward a temporary solution of the problem of the French war debt.

GIRL STEPS IN PATH OF TRAIN; INSTANTLY KILLED

Johnson City, Tenn., Feb. 18.—(UP)—Mary McKie, 17, Tom's Creek, Va., pretty department store clerk, was instantly killed here today when she stepped into the path of a passenger train, apparently with deliberate suicidal intent. Many persons on their way to work saw the girl killed. The crossing where she was struck is in the heart of the downtown district.

CALLING ENGLAND BY TELEPHONE

Service From Brainerd Inaugurated
February 19

\$81 FOR THREE MINUTES

After First Three Minutes, \$27
Charge for Each Additional Minute

The people of Brainerd will be able to talk by telephone to all points in England, Scotland and Wales beginning Saturday, February 19, according to H. D. Hoffmann, manager of the Northwestern Bell Telephone Company here.

The use of transatlantic telephony will be extended that day to include the five states of the Northwestern Bell company's territory—Iowa, Minnesota, Nebraska, North and South Dakota.

The charge of this service will be \$81 for the first three minutes and \$27 for each additional minute thereafter. If a particular person is called but he himself is not available, there will be a report charge of \$10. For the present, the time of each conversation will be limited to 12 minutes and the service will be available from 7:30 a. m. until noon which corresponds to 1:30 p. m. and 1 p. m. London time. Twenty-four hour notice in advance to the telephone company is advisable in filing calls because of the limited transatlantic facilities at this time.

The service will be opened to the Northwestern Bell Company's territory Saturday morning at 7:30 by President W. B. T. Belt of that company speaking from Omaha to Col. Herbert E. Shreeve in London. Col. Shreeve for many years has been connected with the Bell System and is well known in this territory. He was in Paris in 1915 when the first radio telephone message was transmitted by the Bell System across the Atlantic Ocean. Since that year he has spent a great deal of time in Europe helping perfect plans for commercial telephone service between the two continents.

When the service between the Northwestern Bell Company's territory and Great Britain is opened Saturday, President Belt will talk from his desk telephone in Omaha and will place the call in the same manner that he would if calling from there to Brainerd.

As soon as Mr. Belt has concluded his conversation with Col. Shreeve, transatlantic telephony will be opened to receive calls from any telephone in the five states of the Northwestern Company.

Calls made from this territory will go over the telephone wires from here to Rocky Point, Long Island, New York, thence by radio to the receiving station at Wroughton, England, and from there by telephone wire to all points in England, Scotland and Wales. The answer will come west from the transmitting station at Rugby, England, to the receiving station at Houlton, Maine, by radio, thence to Brainerd by telephone wire. The radio transmissions on the both east and west bound are on the same wave length, of approximately

5,000 meters or 60 kilocycles. In addition, experiments are being made with a 22-meter wave length. The longer the wave length, however, from many years of experimentation seems to be the most satisfactory and reliable.

Among the problems that had to be overcome in establishing the transatlantic radio telephone service between this territory and Europe have been the interference of static with radio service across the ocean and the difference of six hours in time. For example, when it is noon in Brainerd, it is 6 p. m. in London. Static on the transoceanic radio still is a problem, telephone people say, but it has been overcome to the extent that they have felt warranted in establishing commercial service from here to Great Britain.

W. B. NORTON HAS RETIRED

Equipment Inspector of N. P. Served
His Road 47 Years

STARTED AT BRAINERD

Booted Out of This Territory First
Early in 1879

After 47 years in the service of the Northern Pacific railway, W. B. Norton, 918 15th Avenue, North, Seattle has retired. Throughout this period Mr. Norton was associated actively with pioneer transportation efforts in the Northwest.

When he began working for the Northern Pacific in 1879, that line's western terminus was on the territorial boundary between Dakota and Montana. He started as a brakeman at Brainerd, Minn., soon was transferred to the mechanical department and in May 1891 was promoted to engineer, taking engine No. 2 to the "front," the western end of the line which was then under construction.

Later Mr. Norton was returned to the Yellowstone division where he operated locomotives until 1895, when he was promoted to road foreman of engines with jurisdiction over all lines west of Missoula.

In 1899 he was assigned as roundhouse foreman at Tacoma, and later sent to Seattle as master mechanic, serving in that capacity until January 1, 1911. Subsequently Mr. Norton was appointed equipment inspector of the lines west of Paradise, Mont. He occupied this position when he retired recently.

Mr. Norton relates many interesting experiences of the pioneer days in the Northwest. Glendive, Mont., he said yesterday, had a population of only 1,500 people when he arrived there in 1881. There were no houses, just tents and cabins. He operated the first passenger train into Billings, when that city was only a group of tents.

MILK SLEIGH OVERTURNS

Driver of Brainerd Pure Milk Co.
Sleigh Escapes Unhurt

One of the sleighs of the Brainerd Pure Milk Co., with Adolph Gaboury, driver, inside, turned over this morning on Oak street between 9th and 10th streets.

The driver escaped unhurt. Several bottles of milk were broken, it was reported by the office of the company. The upset was blamed to the high bank of snow at the side of the road.

CONFERENCE FOR THE BETTER CHILD

Northwest Conference on Child
Health and Parent Education
at Minneapolis

MARCH 8, 9, 10

50 Organizations Sponsor Meet;
County Nurse and Others
May Attend

The Northwest Conference on "Child Health and Parent Education" for the benefit of the better child will be held in Minneapolis March 8, 9 and 10 with delegates of Parent Teachers Associations, nurses, and others interested throughout the State in attendance.

Close to 2,000 are expected to attend. Miss Thora Ingebritson, county nurse plans to attend.

Among the principal speakers will be Dr. MacCracken, president of the Vassar College, Dr. Blanton who will lecture on "Child Guidance" and Dr. Richards.

The following topics are listed on the program: "The Development of the Child," "The Child at Home," "The Child in the Community" and "The School Child."

The Curtis hotel will be the social headquarters of the conference while lectures and business will take place in the Lyceum theatre.

Approximately 50 organizations throughout the state are sponsoring the conference.

FOUR FIRES IN CITY THIS A. M.

Largest Fire at 323 19th Street;
\$500 Damage

Reported

FIRE DEPARTMENT BUSY

Answered Two Alarms Within 20
Minutes Starting
at 8 A. M.

Four fires resulting in over \$600 damages broke out in the city this morning, the largest fire being at 11:30 o'clock at the home of A. Weaver, 323 19th street where \$500 damage was reported.

The fire in the Weaver residence broke out in the roof from sparks from the chimney. The blaze gained headway but was checked shortly after the arrival of the fire department.

The first fire broke out at 8 a. m. in the basement of the home of Victor Carlson, 714 South 10th street. The fire started in a pile of burlap. Slight damage was reported.

Twenty minutes later the fire department was called out to a fire in the home of George Fox, 420 D street N. E. The fire started around the stovepipe on the first floor and swept through to the attic. Considerable damage was reported.

At 9:25 o'clock the department

NASH

Leads the World in Motor Car Value

Beauty and Luxury without an Equal
in the whole \$1000 Field

By long odds the most distinguished motor car ever introduced into the \$1000 field, this Nash De Luxe Light Six is also the most remarkable performer.

Along with its notable beauty and classic body craftsmanship it has the vital superiority of a 7-bearing crankshaft motor—the ultra-modern type.

That gives you a superlative advantage over the standard 3 or 4-bearing motor in the way of matchless quietness and phenomenal smoothness thruout the full range of speed and power.

Colorfully finished in exquisite blue lacquer, with the lighter body shade contrasting smartly with the darker tone of upper body and fenders, and enhanced with a wealth of refinements and ap-

pointments it stands out as a motor car value clearly above and beyond comparison.

The attractiveness of the interior is enriched with a walnut finished instrument board and window ledges, and choice upholstery of genuine Chase Velmo Mohair Velvet.

Headlamps as well as cowl lamps are executed in the bullet design. The steering wheel is of real Circassian walnut.

There are bumpers in front and bumpers at the rear, and a motometer surmounts the winged radiator cap. 4-wheel brakes and 5 disc wheels are also included as standard equipment within the price.

MUCH MONEY IS
SPENT ON GOLF

Yearly Tax One and Quarter Billion Dollars.

Golf is a game for the millions, but its upkeep runs into the billions, making it one of America's leading industries. Figures compiled after a round-up of statistics covering nearly four weeks by Ray McCarthy, writer of the country's foremost golf writers and promoters, reveal the astounding fact that golfers in the United States spend at least one and a quarter billion dollars every 12 months merely for the maintenance of their game.

This expenditure of \$1,250,000,000 each year is confined to the actual cost of playing the game. The enormous total is spent only on dues, balls, clubs, clothes, caddy hire, luncheons and incidentals such as tips, ready tees, etc. It does not take in the property value of club executives, clerks and other help.

Conservative figures are presented by McCarthy, based on experience in playing the game and years of observation, and he finds that golf costs each player in the United States an average of \$1,600 a year. McCarthy has projected more major matches on the links than any other man in the sport, and has directed the transcontinental tours of many prominent players, including Gene Sarazen, Jim Barnes and Jack Hutchison. He is at present sports director for the Florida East Coast system.

According to the tabulation compiled by McCarthy, there are about 1,250,000 golfers in this land today. There are 3,500 courses, and with the club membership averaging only 300, the total of players reaches 1,650,000. There are at least 200,000 playing the municipal links throughout the country.

The average yearly cost to the player, of \$1,600, is apportioned as follows: Club dues, \$100; balls, \$100; clubs (replenishing), \$30; clothes, \$200; luncheons, \$400; caddies, \$100; incidentals, \$70.

These are all conservative figures, based on a synopsis among hundreds of golfers. In this total are not figured the expense of cleaning of clubs, functions, lessons, or purchasing of stock to join a club. The municipal golfer hasn't the club dues, of course, but his green fees will average \$100 a year. Some of the players stated their golf cost them \$2,000 a year. Others said it was around \$800.

Further figuring brings the annual cost of golf in America up to \$1,500,000,000. The extra \$250,000,000 takes in hotel and travel expenses; cost of cigars and cigarettes consumed during golf rounds, and the drink bill—even ginger ale is costly.

The cost of golf is stupendous, and is a serious problem for the United States Golf association, which is making every effort to keep down the expenditures necessary in connection with the sport. The \$1,000 estimate is really low, yet it does not curtail the number of new players that take up the game every year. It has taken about 35 years to develop a playing clientele of 1,250,000, but if the cost is reduced even slightly, it should not take more than five years to bring another million players into the fold.

About half a million dollars was involved in this golf pilgrimage, as follows: Railroad fares, \$40,000; meals and other expenses on train rides, \$10,000; hotel bills, \$25,000; clothes for the trip, \$100,000; equipment, \$34,000; purchases during stay in St. Augustine, \$150,000; salaries of members leaving absence from business, \$150,000.

NIGHT HAWKS
SCARED AT VISIT
OF PRINCE OF WALES

London, Feb. 18.—(UP)—The Prince of Wales' latest slumming journey into the east end of London almost resulted in a call for the police by a group of frightened night hawks who wanted their visitor put in jail.

Wales last Tuesday night chose to visit a coffee shop, a cheap type of cafeteria, at about midnight. The door was closed and Wales knocked for admittance. None inside expected such a midnight visitor, and after deliberation it was decided that the best thing to do would be to call the police. Wales hammered on the door again, and finally persuaded someone to open it, whereupon he was recognized and all was well.

PROHIBITION-CUSTOMS
Reorganization Bill
Fails of Consideration

Washington, Feb. 18.—(UP)—Repeal efforts to obtain consideration of the prohibition-customs reorganization bill were frustrated in the senate again yesterday.

Chairman Smoot of the senate finance committee attempted to get the bill up immediately. When objection was made, a proposal was offered that the bill be considered in a special session Monday night, but this too was prevented.

PROPOSES CENSORSHIP
OF ALL SHOWS

Madison, Wis., Feb. 18.—(UP)—Censorship of all shows—is proposed in a bill introduced in the Wisconsin legislature by Assemblyman Theodore Swanson. It is probable provisions of the bill may be extended to include censorship of magazines and books, Swanson said.

"The Red Mill" at Lyceum With
Marion Davies

Marion Davies Hollandaise—a piquant foreign creation that is alluringly new—that's the new Marion Davies in "The Red Mill," new Cosmopolitan spectacle now playing at the Lyceum theatre.

A PIMPLY SKIN
NEEDS SULPHUR

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur. —Advt.

CREAM FOR CATARRH
OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly. —Advt.

Children's
Night Coughs

Stopped Almost Instantly

Children very frequently have spells of night coughing due to bronchial irritations or while suffering from colds. These coughing spells, if not quickly checked, are very injurious to the child's health, to say nothing of the annoyance to others.

A famous physician's prescription, called Thoxine, much better than patent medicines and cough syrups, acts on a different principle, relieves the irritation and stops the cough in a few minutes. In fact it is guaranteed to stop night coughs or sore throat within 15 minutes or money back. Contains no chloroform, dope or other harmful drugs, pleasant taste and safe. 35c, 60c and \$1.00. Sold by Skauge Drug Co. and all good drug stores. —Advt.

How to Look and
Feel Younger

Scientific Stimulation Will Banish That Tired, Nervous Appearance

Nothing detracts so much from the appearance of strength and success in a man as lack of plenty of firm, hard flesh on his bones. Thin, underweight men have no endurance, tire easily and have hard work to keep going—they are the ones who lose out in the race for success.

If you want the appearance and vitality of strong, successful, vigorous men, you should try a healthful and proven digestive stimulant. After the first few days you will note renewed energy, your food will taste better and you will experience an added snap and vigor. As you continue, you will find your weight increasing—in the place of wroly lines and flabby muscles, there will be smooth, firm, solid flesh.

As you continue to get full nutriment out of your food as brought about by this scientific stimulant, the nerves become steadier and more controlled, the eyes brighter and there will be a determination and vigor in your actions that will surprise you as well as your friends. These facts may seem amazing to you, but results like these are happening every day to men all around you.

A remarkable stimulant- tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Druggists and physicians have come to know this stimulant as "Old Monticello Tonic." Get a bottle today from your druggist, take a small wineglass full before your next meal—see how much better you eat—feel the glow of stimulated functions throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy. —Advt.

As you continue, you will find your weight increasing—in the place of wroly lines and flabby muscles, there will be smooth, firm, solid flesh.

As you continue to get full nutriment out of your food as brought about by this scientific stimulant, the nerves become steadier and more controlled, the eyes brighter and there will be a determination and vigor in your actions that will surprise you as well as your friends. These facts may seem amazing to you, but results like these are happening every day to men all around you.

A remarkable stimulant- tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Druggists and physicians have come to know this stimulant as "Old Monticello Tonic." Get a bottle today from your druggist, take a small wineglass full before your next meal—see how much better you eat—feel the glow of stimulated functions throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy. —Advt.

NIGHT HAWKS
SCARED AT VISIT
OF PRINCE OF WALES

London, Feb. 18.—(UP)—The Prince of Wales' latest slumming journey into the east end of London almost resulted in a call for the police by a group of frightened night hawks who wanted their visitor put in jail.

Wales last Tuesday night chose to visit a coffee shop, a cheap type of cafeteria, at about midnight. The door was closed and Wales knocked for admittance. None inside expected such a midnight visitor, and after deliberation it was decided that the best thing to do would be to call the police. Wales hammered on the door again, and finally persuaded someone to open it, whereupon he was recognized and all was well.

MUCH MONEY IS
SPENT ON GOLF

Yearly Tax One and Quarter Billion Dollars.

Golf is a game for the millions, but its upkeep runs into the billions, making it one of America's leading industries. Figures compiled, after a round-up of statistics covering nearly four weeks by Itay McCarthy, one of the country's foremost golf writers and promoters, reveal the astounding fact that golfers in the United States spend at least one and a quarter billion dollars every 12 months merely for the maintenance of their game.

This expenditure of \$1,250,000,000 each year is confined to the actual cost of playing the game. The enormous total is spent only on dues, balls, clubs, clothes, caddy hire, luncheons and incidentals such as tips, ready tees, etc. It does not take in the property value of club executives, clerks and other help.

Conservative figures are presented by McCarthy, based on experience in playing the game and years of observation, and he finds that golf costs each player in the United States an average of \$1,000 a year. McCarthy has projected more major matches on the links than any other man in the sport, and has directed the transcontinental tours of many prominent players, including Gene Sarazen, Jim Barnes and Jack Hutchison. He is at present sports director for the Florida East Coast system.

According to the tabulation compiled by McCarthy, there are about 1,250,000 golfers in this land today. There are 3,000 courses, and with the club membership averaging only 300, the total of players reaches 1,050,000. There are at least 200,000 playing the municipal links throughout the country.

The average yearly cost to the player, of \$1,000, is apportioned as follows: Club dues, \$100; balls, \$100; clubs (replenishing), \$30; clothes, \$200; luncheons, \$400; caddies, \$100; incidentals, \$70.

These are all conservative figures, based on a symposium among hundreds of golfers. In this total are not figured the expense of cleaning of clubs, functions, lessons, or purchasing of stock to join a club. The municipal golfer hasn't the club dues, of course, but his green fees will average \$100 a year. Some of the players stated their golf cost them \$2,000 a year. Others said it was around \$800.

Further figuring brings the annual cost of golf in America up to \$1,500,000,000. The extra \$250,000,000 takes in hotel and travel expenses; cost of cigars and cigarettes consumed during golf rounds, and the drink bill—even ginger ale is costly.

The cost of golf is stupendous, and is a serious problem for the United States Golf association, which is making every effort to keep down the expenditures necessary in connection with the sport. The \$1,000 estimate is really low, yet it does not curtail the number of new players that take up the game every year. It has taken about 36 years to develop a playing clientele of 1,250,000, but if the cost is reduced even slightly, it should not take more than five years to bring another million players into the fold.

About half a million dollars was involved in this golf pilgrimage, as follows: Railroad fares, \$40,000; meals and other expenses on train rides, \$10,000; hotel bills, \$25,000; clothes for the trip, \$100,000; equipment, \$34,000; purchases during stay in St. Augustine, \$170,000; salaries of members being absent from business, \$150,000.

English Harbors

The principal harbors of England are Newcastle on Thames, Grimsby, London, Folkestone, Dover, Portsmouth, Southampton, Bristol and Liverpool.

PROPOSES CENSORSHIP
OF ALL SHOWS

Madison, Wis., Feb. 18.—(UP)—Censorship of all shows—is proposed in a bill introduced in the Wisconsin legislature by Assemblyman Theodore Swanson. It is probable provisions of the bill may be extended to include censorship of magazines and books, Swanson said.

"The Red Mill" at Lyceum With Marion Davies
Marion Davies Hollidaise—a piquant foreign creation that is alluringly new—that's the new Marion Davies in "The Red Mill," new Metropolitan spectacle now playing at the Lyceum theatre.

A PIMPLY SKIN
NEEDS SULPHUR

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Menho-Sulphur.

CREAM FOR CATARRH
OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

Children's
Night Coughs

Stopped Almost Instantly

Children very frequently have spells of night coughing due to bronchial irritations or while suffering from colds. These coughing spells, if not quickly checked, are very injurious to the child's health, to say nothing of the annoyance to others.

A famous physician's prescription called Thoxine, much better than patent medicines and cough syrups, acts on a different principle, relieves the irritation and stops the cough in a few minutes. In fact it is guaranteed to stop night coughs or sore throat within 15 minutes or money back. Contains no chloroform, dope or other harmful drugs, pleasant taste and safe. 35c, 60c and \$1.00. Sold by Skauge Drug Co. and all good drug stores.

Mint Jell for Roasts
and Salads

Try the dainty, delicious mint flavored Sunlite-Jell for making vegetable and combination salads, or as a garnish. Or serve with roast lamb in place of mint sauce. Mint Sunlite is green, pleases the eye as a table decoration, is most refreshing in taste. Your grocer has Sunlite or can get it.

How to Look and
Feel Younger

Scientific Stimulation Will Banish That Tired, Nervous Appearance

Nothing detracts so much from the appearance of strength and success in a man as lack of plenty of firm, hard flesh on his bones. Thin, underweight men have no endurance, tire easily and have hard work to keep going—they are the ones who lose out in the race for success.

If you want the appearance and vitality of strong, successful, vigorous men, you should try a healthful and proven digestive stimulant. After the first few days you will note renewed energy, your food will taste better and you will experience an added snap and vigor. As you continue, you will find your weight increasing—in the place of wavy lines and flabby muscles, there will be smooth, firm, solid flesh.

As you continue to get full nutrition out of your food as brought about by this scientific stimulant, the nerves become steadier and more controlled, the eyes brighter and vigor in your actions that will surprise you as well as your friends. These facts may seem amazing to you, but results like these are happening every day to men all around you.

A remarkable stimulant- tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Druggists and physicians have come to know this stimulant as "Old Monticello Tonic." Get a bottle today from your druggist, take a small wineglass full before your next meal—see how much better you eat—feel the glow of stimulated functions throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy.
